Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in Santa Maria, CA—and your brain masseur—get ready for your brain massage.

9-11 is upon us! Some reflections on 9/11 and an important insight gained from them will surprise, and enlighten my audience.

Okay, my friends! It's time for your Brain Massage®:

[TRUTH]

9-11 is upon us! Among the many disillusionments I've suffered over the last ten years, this might be the most disappointing. I am not naive, well, at least not entirely. I know Building 7 was an inside job! And I never categorically dismissed all the theories regarding the 9-11 attack on the Twin Towers of the World Trade Center—I have been long aware that vermin sometimes wrap themselves up in the Flag of patriotism — not all traitors burn stomp or spit on our Flag — some wear it as a cover for their insatiable greed for money and power. I held a rather eclectic view that embraced all evidence that factually supported a charge of conspiracy to drag America into a war for profit; but also believed the attack was independently planned and executed by enemies of America—but what has emerged is the painful realization that the enemies that attacked us that day included many Americans at high places of

power, whose purpose was about as ANTI-AMERICAN as it is possible to get — the PURPOSE was to DESTROY OUR CONSTITUTION by using the 9-11 attack to persuade Americans to GIVE BIG BROTHER BROAD SURVEILLANCE POWERS and encroach egregiously upon our personal liberties. Even arresting us at every airport, and conducting an unlawful UNWARRANTED search and seizure of our person and property.

Now, an insight emerged from my reflections on this that helped me understand another phenomenon. Our young people are told about atrocities done in America like what was done to some of the Indian tribes, or the medical experiments that were conducted by our government on Black Americans without their knowledge, much less their consent; and sadly, the list is not short! These young people, many of them, now harbor a hatred for America and the flag that represents it, because they believe these things reflect what America is, and who Americans are.

While the revelations I have come to see regarding 9-11 have disappointed me, and caused a great deal of disillusionment in those who occupy positions of power in our government, I know it's not America that has done this! This has been done *to America*, not by *America*.

I know there is a certain cabal of very powerful “filthy-rich” persons that have worked together, and, over many decades, they have wormed their way into key positions of power in this country. They have created family dynasties to hold the deceitfully gained power, subtly establishing a sort of caste system of LORDS and SERFS, and they have used our government to serve the ends of other governments and other “powers” — but unlike many of our young people today, who simple-mindedly assume every atrocity committed in the name of America is a reflection of America—I know better.

The fact is, America supported a war against terrorism; innocently, and it appears now, foolishly, believing the persons leading us into the war were genuine patriots protecting the interests of the American people, and not in fact the terrorists attempting to set America up for a total rape of their liberties. Many believe the “Patriot Act” though signaling some disturbing trends away from our Constitutionally protected rights, was, after all was said and done, Patriotic — and to discover now that the people leading us into this war all along had in mind the most ANTI-AMERICAN scheme imaginable—to DESTROY OUR CONSTITUTIONALLY PROTECTED RIGHTS AS A FREE. PEOPLE.

So, maybe this will give you something you can use in those rare moments you get to have an honest conversation with some of the hot-headed youths out there bashing America and spiting on the flag in anger against those devils who wrapped themselves up in the flag to cover their Satanic service to TYRANNY!

Therefore, I can mourn the 2,977 lives that were sacrificed that day to the god of this world to feed his appetite for world dominion, and to enslave humanity. 2,753 died at the Trade Center, 343 of these were firefighters; 184 died at the Pentagon, and 40 died outside Shanksville, PA ¹— this was the famous Flight 93,² that was likely headed for the White House, or the Capitol, that was brought down by brave American Patriots—remember the famous line, “Let’s Roll.” ³ The last words of Todd Beamer, a Christian, who

grabbed an airphone, dialed 0 and described the hijacking to a supervisor at Verizon. His last words: “Let’s Roll!”

Now you see, whatever you believe about who perpetrated 9-11, the AMERICANS, the REAL ONES, who responded to the attack, were true heroes. They were the REAL AMERICANS in this affair! You must not take that away from our firefighters who died attempting to save lives, or our soldiers who died attempting to save LIBERTY, or our brave American citizens who died bringing down Flight 93 — even if you think the Capital and the White House deserve to be demolished. Let’s fumigate those public houses by restoring the PEOPLE’S RIGHT OF CONSENT, and then restore this REPUBLIC to a true reflection of what and who is AMERICA!

Okay, my friends; I’m going to take a short break. The song you’ll hear, I use it often, the song raises real, sincere, and honest sentiment from my own heart — actually, even more so now I understand better that the enemy that attacked us that day was not only some foreign, lunatics deranged by a religion of hatred — power hungry Anti-American traitors embedded within our government — enemies now exposed, that will soon be destroyed! Listen, weep with me! Remember the AMERICA WE LOVE is still here — held hostage by those who HATE AMERICA!

Segment.02 Hello. Welcome back! I’m Dr. Jerry Scheidbach, pastor at the Lighthouse, your brain masseur, and Paul Revere’s lantern lighter, lighting the lamps in the church belfry arch, signaling the enemy is on the march, an enemy that would steal from us our liberty.

I have an announcement to make. Lighthouse Baptist Church is launching a major campaign across the Central Coast cities in North County, Santa Barbara to South County, San Luis Obispo. Including Lompoc and Buellton. This pretty much defines the extent of my local radio outreach.

Everyone living in any of the zip codes in that region can receive a free ebook copy of *Let My People Breathe! Unmasking the Mask Controversy With Science and Scripture*. Of course, you can purchase a physical copy of the book everywhere books are sold. Go to [BookLocker.com](https://www.booklocker.com) for a 20% discount.

You will likely receive a business card offering a QR code you can use to download the book immediately to your device. You will have to qualify by your zip code, and email address, but you can download the book free to any device; we only ask that you do not share it with anyone else. You can give them the card you used, and let them personally download it too. And, remember, it's not nice to steal from Pastor Scheidbach.

I want everyone within the reach of this broadcast to receive this book, free! We must stand against mask-mandate-tyranny!

Let My People Breathe! Unmasking the Mask Controversy With Science and Scripture answers two critical questions about masks. First, do they work? The Science says NO! Second, are we obliged to obey mask mandates! The Scripture says NO!

Physician Sarah Green, is named as contributing author on this book — she brings the medical knowledge, experience, and expertise to authenticate the science part of the book. 964 scientific studies were examined in preparation to write *Let My People Breathe!* and the science is unambiguous — I confirmed what the WHO found true in 2019;⁴ what the CDC admitted was true about the masks recommended for public use to curb the spread in 2022,⁵ and what more recently the senior associate tutor at University of Oxford, and author of the now famous Cochrane review on the

effectiveness of masks to protect against viral infection or contagion during a pandemic: “NO EVIDENCE THAT MASKS ARE EFFECTIVE DURING A PANDEMIC.”⁶ In fact, this MD said his recent article is an update from his examination of this subject in 2020, and he said “the evidence really didn’t change.”⁷

When PhD, Marryanne Demasi, pointed out that “most governments around the world implemented mask mandates during the pandemic,” MD Jefferson said, “Yes, well, governments completely failed to do the right thing and demand better evidence.” [IBID].

Dr. Jefferson also pointed out something I found in my own research: “At the beginning of the pandemic, there were some voices who said masks did not work and then suddenly the narrative changed.” [IBID]. Jefferson gave further testimony to the same observation I made — at first, it was all “masks don’t work,” then suddenly, and I’ll add, inexplicably, their story changed.

He also revealed something I did not catch in my own earlier research. Dr. Jefferson, of University at Oxford, tells us in this article that he had completed an update of their professional review of the science regarding mask use for control of viral spread during a pandemic and said it was ready to be released in early 2020. However, and he did not tell us why, the release of the study was delayed for 7 months, apparently, with no explanation. He said, “Those 7 months were crucial. During that time, it was when policy about masks was being formed. Our review was important, and it should have been out there.”⁸

⁶ 950.17.14-Author of new Cochrane review speaks out <https://maryannedemasi.substack.com/p/exclusive-lead-author-of-new-cochrane?nthPub=121>

⁷ <https://maryannedemasi.substack.com/p/exclusive-lead-author-of-new-cochrane?nthPub=121>

⁸ <https://maryannedemasi.substack.com/p/exclusive-lead-author-of-new-cochrane?nthPub=121>

Dr. Jefferson reveals that pressure was coming down from Cochrane to push the public government narrative for masking. He complained against the abuse of what is called the precautionary principle. That principle has always meant do nothing unless you have reasonable evidence that the benefits outweigh the harms. But “they” turned that inside out, and said we must use masks now and not wait for “good evidence,” because we must do “something” we can’t just “sit on our hands,” waiting for “good evidence.” [IBID]

Now, there is one point where I disagree with this good doctor — and, make no mistake, I think this man is a good man and honest. But I disagree with him on one point, and it’s a point I labor to discuss thoroughly in my book: *Let My People Breathe! Unmasking the Mask Controversy ...* Dr. Jefferson was asked, Did you wear a mask? He answered: “I follow the law. If the law says I need to wear one, then I wear one because I have to. I do not break the law. I obey the law of the country.”

This takes me to a discussion of the issue of consent of the governed, and before I get into that, I want to remind you to get ready for a LIVE PERFORMANCE OF THE BRAIN MASSAGE® show. Hold on, I’ll be right back.

Segment.03 Hello. Welcome back! I’m Dr. Jerry Scheidbach, pastor at the Lighthouse, a church that is engaged in the battle for America — the land of the FREE, and home of the BRAVE, now occupied by the agents of antichrist, oppressors attempting to make this country the land of the SLAVES the home of the brazen perverted godless haters of CHRIST and of Christians.

I ended the last segment pointing out that the good doctor Jefferson, author of the Cochrane review that dismissed claims by Fauci that masks work to curb the transmission and contagion of a virus — something, by the way, that Fauci said in an email to former HHS director Sylvia Burwell in February of 2020 — but now, absurdly, claims that the Conchrane study is correct, they

don't work, maybe not for the general public, but when considered on an individual basis, they work individually? Fauci should be ashamed to show his face in public among real scientists. He is fraud. And the way to catch him is really very easy. When this liar makes these sorts of claims, simply ask for what study he is talking about. And I can tell what studies he is talking about, and explain why he NEVER CITES THE SCIENCE BEHIND HIS ABSURD STATEMENTS. He is talking about observational studies, that are poorly constructed — one example would be a study that shows a mask capturing 80% of the virus particles attacking the surface of the material, but fails to account for leakage, entry of particles through areas around the mask; fails to account for what happens after the droplet desiccates, evaporates, and releases the virion from the droplet, or what happens when no mask is worn and the NATURAL FILTRATION SYSTEM of the human body takes over.

He does not point you directly to any of the “science” he uses to support these claims because he would be exposed immediately as the fraud that he is. He would be literally laughed into the outer darkness of obscurity by all knowledgeable of the real science. He would be so humiliated by a barrage of attacks on the vapidness, emptiness, shoddiness, and outright lack of integrity demonstrated by the research he has to use to support his effort to keep attention away from his complicity in the MURDER OF MILLIONS OF AMERICANS by his malicious denunciations against Ivermectin, and Hydroxychloroquine, and his WICKED DEATH PROTOCOL — thank you Sarah — that's got to be a title you'll write for our blog — the Fauci Death Protocol was get them on remdisivir (a drug he had a hand in creating when working on HIV, with KNOWN serious and deadly side effects, so that it was withdrawn from use in those trials back in the 80s), so now he sees a chance to recover his losses there? Is that it you phony? And then, when, not if, but when, because the remdisivir will ensure it, their breathing will seriously start failing so you can stick them on a ventilator — from which

they will almost certainly DIE — making a big KA-CHING for the Hospital registers, raking in a cool, what was that, 35k for every patient who died from the Fauci Death Protocol?

Including the mask protocol, which actually exacerbates contagion and transmission, as chapter five of my book explains. Simply, the masks are fairly effective at capturing particle droplets that are 5 μm , or 5,000 nanometers. These desiccate almost immediately, and the virion is released to be drawn deeply into your lungs, or launched into an aerosol through normal respiration. In other words, the mask in that case only serves to catch the droplet encased virion and keep it close to your face until it's released—and in almost every instance, this happens within less than a second. However, take off the stupid mask, and breathe! The droplets at that size are caught in the nasal passage and the body immediately begins a protection mechanism that neutralizes the threat far more effectively than the mask ever could. Read chapter five: Natural Filtration versus the Mask.

So, what about the mask mandates. Dr. Jefferson, and Dr. Damasi, both agree masks are ineffective against contagion or transmission of viral borne diseases, nevertheless, they would “obey the law,” and wear the mask if required to do so.

Here is where PART TWO of my book comes in, SHOULD WE COMPLY: the SCRIPTURES SAY NO!

This part of the book sets it apart from every other book on this subject. The Scriptures do not teach government has authority over our body and we have no obligation to obey unrighteous laws. No law is righteous that infringes upon our inalienable rights endowed to us by GOD.

I'm coming up on my time, so I'll have to speak to the Maoing of Maui, Mao dse Dong implemented the great leap forward to advance Chinese into the Industrial Revolution and murdered 45 million Chinese in the leap! The government of Maui imagines they

are going to initiate a giant leap forward for their Island by taking the people's land and making a WEF experimental housing project — and they are killing Hawaiians in the process. BlackRock versus Plymouth Rock, whoa, wait till you see what's coming from the GLOBAL CABAL to destroy religious liberty in America and around the world; all that during my livestream Saturday night at 9 PM. Go to brainmassage.net and Email me for the link.

Let's conclude by challenging you with simple Scripture. Romans 13 is said to grant to government divine authority to act; the word *powers* there is taken to refer to government authority. I agree! What they miss, however, is that the *power* of government, all governments, by the way, are UNDER GOD — we often say government gets its power from the consent of the governed, and that is actually a BIBLICAL TRUTH — even GOD honors the principle. I spoke to it Wednesday night. However, government is limited in its power — it is limited by God's ORDINATION — it is restricted to the work of executing wrath upon evil doers and rewarding the righteous. If anyone is going to use the BIBLE to justify government actions, they must concede these actions must conform to the LIMITS GOD IMPOSED UPON HIS DIVINELY APPOINTED POWERS. The concept of evildoer must be understood within the context of the BIBLE where they claim they get their authority. The BIBLE makes it clear GOD made each person the steward of the BODY HE GAVE THEM, that His people are PRIESTS AND KINGS to GOD, and their body belongs to GOD by right of creation and PURCHASE — that nowhere does the Bible give to government power to dictate to our conscience, or take away from us our DIVINELY GIVEN RIGHT OF INFORMED CONSENT.

Any law that extends the authority of government outside the boundaries defined for it in its ordination certification — Romans

13:1-6, is in defiance of its ordaining authority and therefore WITHOUT AUTHORITY TO ACT.

That's what Peter and John said to the magistrates who mandated they do not preach in Jesus' name. They DISOBEYED their MANDATE! And they did so, because yielding to it put them in disobedience to their DIVINE MANDATE.

Finally, the word translated *powers* in Romans, 13, *exousia*, that is rightly understood as a reference to government powers — is the same word used in Ephesians 6:12-21, where we are told that we “WRESTLE AGAINST PRINCIPALITIES, AND POWERS ...” To wrestle against means we OPPOSE them. We must never assent to governmental abuse of power.

The antonym of CONSENT is DISSENT. We must dissent when government extends its power into our private matters where it has NO DIVINELY GRANTED AUTHORITY.

That should seem self evident — no human authority is absolute — and the only way governments can become tyrants and enslave the people is when the people give their consent, actively, OR PASSIVELY. Passive consent IS CONSENT — we must DISSENT.

Come tomorrow and join us in our DISSENT — because WE DO NOT COMPLY with TYRANTS!
