THE BANDS AND CORDS OF CHRIST PROTECT LIBERTY FROM THE
CHAINS AND OPPRESSION OF ANTICHRIST TYRANNY!

WHEN YA GONNA WAKE UP!

Original Air Date: 09.23.23

Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in Santa Maria, CA—and your brain masseur—get ready for your brain massage.

We've got trouble brewing in the Trump campaign. He is going to come under increasing pressure to clarify where he is on the LGBTQ issue.

Of course, I'm keeping both eyes on the election fraud issue and the Paxton impeachment debacle.¹ It's all about protecting the Deep State's control of our elections. That's the ultimate driver of Trump derangement, by the way. I think the largest issue at stake for the Deep State is that Trump beat their election control machine and nothing is more terrifying to the Globalists than inability to control US elections.

Illustrating where justice is in America: Jesus Ayala is the teen who intentionally ran down and killed a police officer, and DEMONCRAT policies supported by a demon possessed media has this idiot thinking he can kill a police officer, according to him, “for fun,” and be released from custody in 30 days.²

The mask and Ivermectin wars continue? Why? CDC has admitted public enforcement of mask mandates made no difference in preventing transmission or contagion³ and CDC has included Ivermectin as remedy for COVID, while the FDA has admitted it is safe. I mean, if the universally respected and totally public trusted FDA admits they never prohibited doctors prescribing it, what's the problem? The problem is simple. It works! And that interferes with their plans. FDA trusted? *Yea, about as trusted as the FBI.*

Still ambivalent about the Ukraine thingy? Okay! Here you go! Zelensky recently recruited Marina Abramovic to be Ukraine Ambassador to help rebuild — schools!⁴ Let's let a witch lead the education of our children — what a good idea!

Okay, my friends; it's time for your brain massage!

[TRUTH]

We've got trouble brewing in the Trump campaign. Megyn Kelley pinned him down on this when she asked him to explain his support for Bruce-Caitlyn Jenner—the male gold medal Olympian swimmer that turned Queer and now identifies as a woman.⁵ He failed to stick his landing on that one, and needs to establish a firm and clarifying response to the very good question: where are you on men participating in female competition if you're okay with Brucey

calling himself Caitlyn and competing in a beauty pageant? By the way, he murmured something about Bruce was a friend, and so on, but did come down on the right side of the issue in the end. Like a said, a wobbly landing!

But, in a strange turn of events, his lesbian niece, Mary Trump, comes to the rescue — well, not intentionally! But her “reveal” regarding the Trump family’s position on the Queer question will comfort all Christian conservatives—at least those that can get past Grandma Trump’s rather explicit language in expressing her attitude toward homosexual Elton Jon.⁶ It’s clear from Mary’s run at a piece bit of attention at the expense of her own famous family in her “tell all book,” the Trump family was less than welcoming of the LGBTQ community.

Maybe the heavy handed attitude of his mother regarding this issue bothered Donald—or maybe it’s all a political calculation! I don’t know! But like his position on abortion is strange—he was pro-choice until someone he knew lost a baby by miscarriage, I think that was it, and it occurred to him the baby in the womb is somebody’s child. Something like that! Perhaps now that he sees the gross perversity being forced on our children along with the whole transgender thing—he’ll understand and appreciate his mother’s perspective better.

But I can tell you for sure he is likely going to come under increasing pressure to clarify where he is on the LGBTQ issue and the pressure will come from both sides. It’ll probably end up hurting the feelings of a few friends — and at least one family member!

The truth is catching up! Dr. Paul R. McHugh is a former Johns Hopkins Chief of Psychiatry and Distinguished Service Professor of

Psychiatry at the University. He classifies Transgender as a medical disorder.⁷ He said going along with this is “collaborating with madness.” [IBID.] He comes at this from first hand knowledge, writing in his book, *The Mind Has Mountains: Reflections on Society and Psychiatry*: that he has “witnessed a great deal of damage from sex reassignment.” [IBID.]

The consequences of constantly bashing our police force, and letting real criminals off with light sentences, or no sentences, and driving down hard on someone that, well, let’s just tell it like it is, offends a liberal is tragically illustrated by Jesus Ayala. That’s the underaged teen who intentionally ran down and killed a police officer and without apology or any show of remorse declared to the investigator he expects to be released within 30 days. No doubt in my mind it was DEMONCRAT policies supported by a demon possessed media that encouraged this idiot to think he can kill a police officer, according to him, “for fun,” and be released from custody in 30 days.⁸ Probably a Biden voter! What’s that? He is too young to vote? Hahahahah, you think that means he didn’t? Maybe you also believe gun laws stop bad guys from killing people with guns. Hey, not even that idiot of a governor in New Mexico is dumb enough to fall for that one. After she declared an emergency gun violence epidemic and suspended the 2nd amendment, she was asked if she actually believed her gun ban would stop criminals from using guns in crimes she said no! She knew it would not stop criminals, but she argued, “at least I’m doing something.”⁹

Yeah, you're *doing something* all right! You are making every law abiding, productive citizen in your state vulnerable to murderers and thieves, and other predators.

It's always the same with these liberals! Whatever they do to fix a problem, backfires and either exacerbates the problem they are trying to fix or creates one or more new problems — or both! Not one state or city that has been run for a term or two by Demoncrats is safe or productive. For heavens' sake, you need a map to avoid the feces spread all over the streets and sidewalks of what was among the most charming, and beautiful cities in America. LA's the same way! Gone! Chicago, New York, all of them! Trashed by trashy politics. Name the most corrupt cities in America—all of them run by Demoncrats.

Why are we still fussing about mask mandates and Ivermectin? Or the vaccines, for that matter — everybody knows they did not work!

CDC has admitted public enforcement of mask mandates made no difference in preventing transmission or contagion.¹⁰ It's illegal for the government to force us into any medical intervention, or to use the public for medical experiments. It's contrary to our Constitution, the Nuremberg protocols, the conscience of mankind, and our INALIENABLE DIVINELY GRANTED RIGHTS to force us into any medical intervention without INFORMED CONSENT. And consent that is coerced might signal a willingness to be subjects enslaved to the ruling class but that's the behavior of bullies and tyrants.

And Ivermectin is safe! The FDA, lately accused before court for overstepping its authority prohibiting doctors from prescribing Ivermectin,^{11 12 13} testified, *why, they never prohibited doctors from prescribing Ivermectin* as treatment for COVID.¹⁴ Right! They just went on a full court press propaganda campaign to convince the public and a behind the scenes arm twisting campaign to manipulate what few pharmacies were resistant to their lies, and pushing for companies to use their status as “private citizens” to do what the government is Constitutionally prohibited! You see, a business owner can “refuse to provide service to anyone,” ostensibly for any reason. But, of course, that’s gone now! But, anyway, a privately owned or even a publicly owned corporation can act as an individual and refuse to serve anyone who refuses to comply with mask mandates. Of course, you can refuse to give them your business too, but sometimes that is beyond a mere inconvenience. So the government manipulates the businesses to enforce these otherwise illegal mandates — you need to make it clear to every local business that you are not in favor of turning this country into a fascist state where the government controls all the businesses, and/or enforces its public agenda through controlling our access to the market place.

You know what spirit that is of, right? Antichrist, the whole 666 thing — it’s about controlling who can buy or sell! The spirit of

Antichrist will require everyone to worship the state, and to show their allegiance, they must wear his mark on their forehead or right hand in order to buy or sell¹⁵ — what these guys want is to worship the State as our SUPREME SOVEREIGN, and to prove our subservience, we must wear their masks and take their shots. So they control whether or not we can buy or sell by whether or not we wear a mask or accept their contaminated vaccine, loaded with 200 billion pieces of plasmid DNA in each dose, with graphene oxide that is interactive with 5G. signals — and — well, I’m just saying, you don’t know what’s in those vaccines because they have gone out of their way to hide it from you—remember those “full disclosure” inserts you are used to getting and then ignoring with your medication? Look at one from Pfizer — BLANK! Hey, question, the new vaccine, is it FDA APPROVED or are they continuing the same game with a NEW EMERGENCY? When ya gonna wake up!

I gotta go to break! I’ll be right back!

Segment.02 Hello. Welcome back! I’m Dr. Jerry Scheidbach, pastor at the Lighthouse, your brain masseur, and Paul Revere’s lantern lighter, lighting the lamps in the church belfry arch, signaling the enemy is on the march, an enemy that would steal from us our liberty.

What’s going on? Pfizer wanted to hide the results of their secret preliminary studies for 75 years — why? Well, they failed and had to release it, so they are slow walking the release — but that’s the only way we know about some of this stuff now that we did not know before. These shots are known to cause all sorts of problems, chief among them blood clots and myocarditis — inflammation of the heart!

¹⁵ Revelation 13:15-17, “And he had power to give life unto the image of the beast, that the image of the beast should both speak, and cause that as many as would not worship the image of the beast should be killed. And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads: And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name.”

So why are we still going back and forth over Ivermectin. It's safe, everyone knows that. It has been and is used all over the world! It's distributed over the counter in most parts of the world, Sarah tells me your local pharmacist can hand it to you over the counter in Tennessee.

And it's effective! Certainly it has a much better track record than their mRNA gene manipulating vaccines. (Read here.)¹⁶ Talk about unsafe — you've heard of SIDS, sudden infant death syndrome, and now you are learning a new one, SADS, sudden adult death syndrome. (Read here.)¹⁷ And it would be bad enough if we were talking about elderly people suddenly dropping dead, but we are talking about young men, mostly, and athletically active women too, strong, healthy, in the prime of their lives, physically, that are dropping dead all over this country and around the world from heart problems that we know are caused by these vaccines [IBID].

Okay! Look, are you still ambivalent about the Ukraine thingy? You think Zelensky is a hero for the people? Okay! Here you go! Zelensky recently recruited Marina Abramovic to be Ukraine Ambassador to help rebuild — schools!¹⁸

You don't know the spirit cooking, Satanist, Abramovic! So I'll tell you about her! Here you go, for starters. For one of her events you have to squeeze between to live nude models to enter the show.¹⁹

Not! She does the “spirit cooking” thing, with recipes like “Mix fresh breast milk with fresh sperm milk,” use a knife to cut deeply into the middle finger of your left hand, and eat the pain. Use “Fresh morning urine to sprinkle over a nightmare.” (Read here.)²²

And probably the most damning thing of all is she is totally connected to Witch Hillary, and enjoyed a spirit cooked meal with Podesta. So, that sound like a great choice for rebuilding your schools in Ukraine, or anywhere?

So you like Zelensky and you are all in for sending multiple billions to Ukraine and letting the people in Maui — well, let's just forget about them.

I have to close! WHAT IS THIS REALLY ABOUT? Tyranny of the elite.²⁴

It's all about casting off the bands and cords of Christ (Psalm 2).. Christ came into the world, bound Satan, spoiled his house; that is, Christ removed him from power, cast him out, banished him into the outer regions — he was prince of this world but now he is prince of the power of the air. Jesus gave to the church the KEYS of the KINGDOM — access to His AUTHORITY and POWER to ACT on HIS BEHALF in His kingdom rule over the earth. And He told us to not give place to the Devil, but we have. And Satan, through the children of disobedience, has reinserted his influence in the earth — but we have the authority and access to the power to make him flee — Lighthouse will show you how.

So the heathen, the children of disobedience, are raging against the bands and cords of CHRIST. Casting these off invariably leads to tyranny.

Satan seduces men to embrace tyranny by —corrupting their soul perverting their perspective of reality so that they begins to crave a total controlled environment. The child of Satan lusts for bondage — he increasingly feels insecure with freedom and becomes afraid of it; even threatened by it. You'll begin hearing expressions like freedom of speech is a weapon, like guns, that must be banned. Total state surveillance is necessary to provide protection, and only those with something to hide would object, because it's for the "general welfare," the "common good." Freedom will become a "bad

²⁴ 952.3.2-"BlackRock CEO think freedom is over and that we must serve them. Its all about slavery and forcing you to comply by any means necessary! <https://t.co/mS4mJhzcal>" / X <https://twitter.com/iluminatibot/status/1704890374261768646?s=20>

word,” a term of “insurrection” a shibboleth to identify the haters of men. Independence will be criticized as selfishness.

The child of disobedience reduces life to a single moment of pleasure and release. Liberal ideologues become like a drug addict whose existence is defined in the ecstasy of the high and when faced with the responsibilities of living in the real world the drug addict craves the “safe place” of their bondage, their drug. Just swap out the chemical *drug* for living like a caged animal with everything essential to living without care provided by the zoo keeper. You will own nothing, and be happy!

Satan wants to corral the kingdom of man in his cages of illusion.

The illusion is that the bands and cords of CHRIST are confining, restrictive, and controlling—and yet, look at every place where these bands and cords are broken. You see misery and tyranny. Come learn more about it at the LIGHTHOUSE.
