Bureaucratic Tyranny

Original Air Date: 11.18.23

Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in Santa Maria, CA—and your brain masseur—get ready for your brain massage.

It's time for Israel to FINISH Hamas — and while they're at it, wipe out Iran too. Let's just get it DONE!

The Bureaucratic Deep State are foot-soldiers for the Autocratic Fascist state. “They’ve” taken away the People’s right of consent, (stolen the vote); they are constantly passing laws to make it a crime to defend yourself — taking away the people’s right of self defense; and the FCC just made a huge move to take away the people’s right to know.

What's this! Thanksgiving Day coming up and here is a picture of American soldier holding a Communist Flag while one of the Maoist dictator Xi Ji Ping walks with Biden into the White House.<sup>1</sup>

Meanwhile, the CCP invasion of our borders continues under the protection of the Biden Admin.

Meanwhile, the real solution to all of this is the number one fear of DEMONCRATS and the focus of their entire campaign is to stop him. His lawyers filed for dismissal on the grounds of a mistrial accusing the Judge of gross bias and prejudice in his rulings.<sup>2</sup>

The conservative leaning House has chastised the US Army into submission to We the PEOPLE and reversed the evil Biden COVID-19 vax requirement for soldiers.

The fair and transparent 2020 Election narrative continues to crumble.

And around the world, THE PEOPLE are shaking off their lethargy and taking their POWER from Socialist despots. Spain: a massive anti-Socialist demonstration has been going on for 14 days in the streets in Madrid and across the country.<sup>3 4</sup>

God on our side!

Okay, my friends — it's time for your Brain Massage®.

[TRUTH]

It's time for Israel to FINISH this, finish Hamas — and while they're at it, wipe out Iran too. Let's just get it DONE!

The Sword of civil justice was placed in the hands of mankind after the flood (Genesis 9:17 — “Whoso sheddeth man's blood, by man shall his blood be shed: for in the image of God made he man.”)

By the way, the reason our Bible (the KJV) translates Exodus 20:13 kill and not murder is because this is GOD's command. It is clarified in other places that execution of a criminal for a capitol offense is not a violation of this law — nor is accidental homicide considered killing in violation of the LAW, nor the KILLING of an enemy in a just war — but in each of these circumstances the individual has not taken it upon himself to take another life. In the cases where killing is justified, it is always an act of GOD via the

sword He has ordained for that purpose. The point is, “thou shalt not kill” says at no point and in no way is it justifiable to take divine vengeance into one’s own power and prerogative — acting as an agent of divine righteousness executing wrath upon evil doers is one thing, acting independently as a vigilante presuming to be GOD in the execution of His wrath is presumptuous and itself murder. You see, “Thou” shalt not kill! You don’t decide who lives or dies. In accidental homicide, you did not take the life though a life was lost. But even in war, if a soldier wantonly kills another in personal rage — it is MURDER.

When Fauci ordered the use of a drug he knows kills people and actively forbids the use of medicine he knows would save them — he is committing an act of MURDER. He is taking it on himself to decide treatment protocols when he does not know the individual cases. Furthermore, he, and his cohorts in the government medical establishment, are by design keeping from the people their right to fully informed consent. Every person who died as a result is an act of democide — government acting independently of divine warrant in killing people. My point is, just because the government does it, does not absolve individual acting under cover of Romans 13 from the charge of murder. No one has the right to “kill” without divine warrant. So, hey Fauci, THOU, hey Pelosi, THOU, hey Newsome, THOU, hey Biden, THOU — shalt not kill! And you can’t hide behind Romans 13 and think you will get away with it. You can’t use the government to KILL people without DIVINE WARRANT.

There are circumstances in which “killing” is justified and cases where it is not. It’s never justified unless there is a DIVINE WARRANT behind the act. No person acting on his own has the divine warrant to kill!

It is actually very profound that our translators had such incredible depth of Bible knowledge and sensitivity to the Hebrew language when translating. You see, the Jews understood that even if when

you kill someone it might not legally be defined as murder, if you do it without DIVINE WARRANT, you are guilty of violating this law of GOD.

For Hamas to send 2500 missiles into Israel intentionally killing innocent men, women, and children — that's MURDER. For Israel to respond with JUSTICE against these murderers is an action that is clearly under DIVINE WARRANT. If in the execution of that DIVINE WARRANT: "Whoso sheddeth man's blood, by man shall his blood be shed: for in the image of God made he man" (Genesis 9:17).

When every reasonable effort is made to avoid killing innocents, in the event some die, these are accidental, and so their death not chargeable. In truth, every innocent killed in the execution of justice is attributable to the criminal act that triggered the judgment.

Now, I need to wrap this first segment — look! The radicalized Jihadi headed Muslims believe they have a divine mandate to kill Jews — a la Hamas in Gaza and Hezbollah in southern Lebanon. The so-called Palestinians have accepted the Hamas. They provide shelter and act as a shield to protect them. Anyone remaining in Gaza after they were duly warned Israel was coming with the SWORD OF DIVINE JUSTICE to EXECUTE WRATH AGAINST THE EVIL DOERS is a willing accomplice in the acts of murder perpetrated by those they protect — that includes the murder of the 40 babies — let the so-called Palestinians come out from the darkness of their tormentors, even at the risk of their own deaths — because for Israel not to move in to execute the DIVINE WARRANT leaves their people at risk. Come on!

What happens if you attempt to interfere with the execution of a WARRANT? Those charged with executing the warrant turn their attention to you. If Hamas takes innocents captive and occasions the deaths of innocents in that way — who killed them? Hamas

killed them! If no effort is made to avoid killing them, Israel killed without warrant. If every effort is made to avoid this, Hamas killed them in a violent act of murder.

So, at the bottom line, the reason Hezbollah and Hamas kill Jews at will, and without conscience, the reason you hear them say things like “I will not cry for one Jewish baby that is killed, I will rejoice at every Jewish baby that is killed ...” and on and on like this — it’s actually very easy to understand. The reason they go into a home find a little girl hiding under a table and shoot her, the reason they stand in the street and randomly shoot Jews in their cars, the reason they see an unarmed Daddy and his two sons running for shelter and throw a grenade at them that explodes and kills the father, and the kids run under cover of the smoke to escape — yeah, read about this right here.<sup>5</sup> — the reason is very straight forward: Their mission is to kill Jews. These are Jews. That’s it!

They believe they have a mandate from their god, whom they call Allah, to kill all Jews—period! The “crime” for which they must die is this, they are Jews! That’s it! The reason they make up this nonsense about the Jews keeping them in an “open air prison,” is a lie to keep the world from seeing the truth.<sup>6</sup> Really, look at this Gazan describing Gaza before the attack on October 7th. It’s beautiful; the people are obviously free — and there was not one single Jew there. Not one!

They make up this stuff to get stupid college kids in America in the streets opposing American intervention on the side of Israel and pressuring America to pressure Israel into a “cease fire” — but make no mistake; it is a religious war that has roots back into the days

Israel crossed Jordan under Joshua — and that was a holy war too — the GOD of ABRAHAM said these people are so wicked, I am going to remove them from their land and give it to you. GOD GETS TO DO THAT! JOSHUA led God's army into Canaan to serve His warrant — they executed the warrant but unfortunately they did not get the job done. Well, it's time to get the job done!

I'm sick and tired of this nonsense. Israel is for peace, but when she speaks, the Hamas terrorists are for war! Every single time THEY ATTACK FIRST. And it's because they think the land is theirs. GOD GAVE IT TO ISRAEL.

This is a battle of the gods! The god of Allah and the GOD OF ISRAEL. It's about which god has the power over the land. I'm here to tell you the GOD of Abraham, Isaac, and Jacob is the ONLY GOD with the prerogative to decide who gets title and right to the LAND. Allah has NO POWER — no authority — in this matter.

May the greater GOD prevail! That's where we are these days. We are back to that! So-called Palestinians insist they have a DIVINE WARRANT to kill Jews, but it is the Jewish people that are acting on a DIVINE WARRANT — Genesis 9:17 is GOD's WARRANT for Israel, and America had better get behind her totally — because Israel is executing a DIVINE WARRANT against Hamas — so let those who call themselves Palestinian take notice — get out of the way! We are DONE with Hamas using you as a shield to hide behind while they go on and on and on in their mission to Kill Jews.

I've faced this spirit before. Once in Russia, I think we were in Moscow, or Smolensk, no, it was Moscow — and I stood on a balcony looking down on a parade — I asked my interpreter what it was about. He said these are Communists protesting the break up of the Soviet Union. I said, oh, then they must be glad for their new found freedom since the Wall came down so they can protest like this — he laughed.

As I stood on the ledge, to get a better view, some protestors, some of the Communists, saw me and began to gather. They were pointing at me and screaming something in Russian. I asked my translator what they were saying. He did not want to tell me. I insisted. He explained they think you are a Jew. I was surprised, and asked why? He said it is the way you are dressed — I wore an overcoat and a tweed hat, and scarf — I did not know I was in Jewish costume, I told him. He laughed. I said, but what are they saying.

He reluctantly told me they were cussing at me and speaking about killing me because I was a hated Jew. I climbed back up on the ledge and waved at them. Had my translator ready. I said you translate this truly or I will fire you and will not pay your wages for this entire day. I said, “IT IS GOOD TO BE A JEW.”

He translated it! The small group looked a bit surprised, and talked to one another, and gestured obscenely and walked away. My translator finished his day and told his boss he would need to get someone else to accompany me because he did not want to be killed for being with this crazy American.

Strange! Just being a Jew was all necessary to inspire such outrageous hatred from people who were total strangers to me, and to whom I was a total stranger.

Hold on through the break! I'll be right back!

Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor at the Lighthouse, your brain masseur, and Paul Revere's lantern lighter, lighting the lamps in the church belfry arch, signaling the enemy is on the march, an enemy that would steal from us our liberty.

The Bureaucratic Deep State are foot-soldiers for the Autocratic Fascist state.

The violent usurpers, you know, the ones that “take the kingdom” by force? They have taken away the People’s right of consent, (stolen the vote); they are constantly passing laws to make it a crime to defend yourself by infringing our our divine right to keep and bear arms — taking away the people’s right of self defense; and the FCC just made a huge move to take away the people’s right to know — bringing the Internet under govt control in order to ensure everyone has access to it — (drunken Squirrel)!

Most of the FCC regulators are unelected dictators stealing away our liberties behind their “Chevron” badge. What’s that?

In US Law, it’s called the Chevron deference!<sup>7</sup> It’s also called the Chevron Doctrine.<sup>8</sup> Essentially, it allows regulating agency bureaucrats to make laws so long as they are reasonable interpretations or applications of laws duly passed by our Legislative process. Ideally, Bureaucrats don’t make law. Of course that’s news to many of us because it appears that’s exactly what they do; especially with regard to environmental issues. But Constitutionally, only the Legislature can create laws. The President can’t but does with Executive Orders; the Judiciary can’t, but does by Judicial fiat; and the Bureaucracies can’t but do it all the time — and get away with it as long as the Legislature allows it.

You see, the dirty little secret is, our Legislature CAN and SHOULD, intervene in any such case and CLARIFY THE LAW when any of these yahoos usurp their responsibility; but they don’t. And do you want to know why? Well beyond laziness, which is certainly a factor in many cases, the bottom line is THEY AVOID IT BECAUSE THEY AGREE WITH THE LAW BUT KNOW IF

THEY GO ON RECORD SUPPORTING IT, THEY WILL GET TROUNCED IN THE POLLS AT THE NEXT ELECTION.

The Legislature is COMPLICIT in allowing Presidents, the Judiciary, and the Bureaucracy to PASS OPPRESSIVE LAWS ON US.

That's what happened with abortion. The cowards in the Legislature did not want to take an open stand on the issue for fear of alienating their voters, or fearing the backlash they would get from certain segments of their constituency. All they ever had to do is what the court said needed to be done — if the Legislature ever passed a law defining when life began, the issue of abortion would be settled. But they never did. Instead, they used abortion as a political football and played politics with it for decades.

Anyway, the FCC has been toying with a policy that would supposedly ensure “Net Neutrality,” pretending to be about protecting free speech. The idea was to make certain everyone had access to the Internet—so the plan the FCC voted on recently allows them to take over the Internet in order to make certain access is neutral.

So the government taking control over access to the Internet, just in time for 2024.

Think about it. This will make government control over information spread on the Internet so much easier than it was when they needed to cover up Biden's lap top revelations, or when they needed to coordinate messaging on COVID-19, and the mRNA vaccines, you know, stuff that is of vital national security importance — back then they had to sneak about in secret making deals with the Big Tech companies, but now, it will be all out in the open — everyone will know the government regulates what access you have to the Internet.

So three of the five FCC commissioners voted to implement 200 pages of new restrictions. It extends from the decision to bring big government together with Big Tech — so the tax payer pays for the expansion of Big Tech infrastructure in the name of making sure everybody has access to the Internet, Big Tech gets to lock their lips around the Tax payers teat and suck it dry — in exchange for giving big government control over access to the Internet and control over what is disseminated over the Internet. CONTROL!

This way the Internet providers, like Comcast, get to dip their hands into the bottomless pockets of government with the power to TAX, TAX, TAX — and print, Print, PRINT — while keeping private ownership of the PROFITS generated from the infrastructure paid for by the taxpayer — the the government gets to say, well, since the PEOPLE are paying for it, WE WILL CONTROL WHO HAS ACCESS to it in the name of the PEOPLE to protect them from disinformation — and of course, they decide what is disinformation.

There is an entire section providing for the FCC to “censor, control and regulate internet service providers based on vague laws around equity.”<sup>9</sup> In the name of “Preventing Digital Discrimination Order” the FCC will have the power to control nearly every aspect of internet infrastructure; since, after all, WE BOUGHT IT!

And this power is triggered by whatever notions the FCC has about WOKEism, in service to the secular gods of diversity, equity, and inclusion. They will weigh issues based on “disparate outcomes,” which essentially means all internet infrastructure must produce perfect equity or face the WRATH of THE PEOPLE — meaning the wrath of the bureaucrats wielding power at the FCC who are answerable to the politicians that control their purse strings.

<sup>9</sup> 960.31.1-The FCC is voting to seize American internet infrastructure in the name of ‘equity’ | Blaze Media <https://www.theblaze.com/return/the-fcc-is-voting-to-seize-american-internet-infrastructure-in-the-name-of-equity>

So unelected officials will convene and deliberate on regulations to integrate the latest progressive notions about race and gender, and guns, and vaccines, and — you see where this is going!

At least one FCC Commissioner is opposing this! He warns this gives the FCC power to control every aspect of broadband infrastructure. It includes price controls, forced buildout of broadband regardless of return on investment — all to bring the Internet under GOVERNMENT CONTROL.

It's part of the Biden election plan for 2024. I'm not kidding! It gives the FCC total control over the Internet without having to bother with company CEOs.

Ranking Member Ted Cruz (R-Texas) of the U.S. Senate Commerce Committee, along with 27 fellow senators, is urging the Federal Communications Commission to withdraw its preliminary proposal regarding "Digital Discrimination." This proposal would grant the federal government significant influence over virtually every facet of the internet, potentially subjecting broadband providers to extensive, vague, and detrimental liability under a "disparate impact" standard.

In a letter<sup>10</sup> to FCC Chairwoman Rosenworcel, the senators wrote:

“Your Draft Order, which largely follows a Biden administration diktat, — [What's that? A diktat is a summary decision handed down by, well, by a dictator who has vanquished his enemy; it's an authoritative settlement with a defeated party; a dogmatic statement or decree; a harsh penalty upon a defeated party by the victor — American Heritage Dictionary of the English Language, 5th Edition. From Etymonline it was coined in 1933 from its use by Hitler, taken from the Latin *dictatum* — or DICTATE.<sup>11</sup> Senator

<sup>11</sup> <https://www.etymonline.com/word/diktat>

Cruz chooses his words in documents like this very carefully, and chose this well, I think.]

So, back to the letter, your order “which largely follows a Biden administration diktat will create crippling uncertainty for the U.S. broadband industry, chill broadband investment, and undermine Congress’s objective of promoting broadband access for all Americans. We urge you to adhere to the will of Congress and conform to the plain meaning of [the bipartisan infrastructure bill] to avoid causing serious damage to the competitive and innovative U.S. broadband industry.”

Well, this letter is all fine and good! But now that the FCC has thumbed its collective nose at Congress, the legislature will have to ACT to defend the free flow of information on the Internet and guarantee access to that information to the general public.

So, the question is, will they actually DO SOMETHING?

Well, you do everything you can to get away from Communist Comcast. Did you know that COMCAST essentially owns NBC, MSNBC<sup>12</sup> — and others; I wonder what others they own. I’ll have to look into that! Get this, it was recently confirmed that COMCAST does not “supervise the accuracy, quality or journalistic integrity of the company’s news outlets.” [IBID.] Whereas, COMCAST “news media holdings make a regular habit of labeling as ‘conspiracy theory’ or ‘fake news’ things that later turn out to be true, like the information on Hunter Biden’s laptop that implicates the president, while asserting as true things that later turn out to be conspiracy theories, like the farrago of Russian collusion.” [IBID.] Ditto the COVID-19 originating in a Wuhan Lab “conspiracy theory,” remember that one? buffoons and racists — COMCASTS, ladies and gentlemen; COMCAST — whom I think is manipulating their service to drive forward the FCC regulation scheme because they want to LOCK THEIR GREEDY LIPS ON THE TAXPAYER TEAT — keep control of Internet profits in trade for allowing the government control of the Internet content. Yeah, it's in an article linked in my notes.

Maybe we should, you know, maybe go with an American company, like Starlink? It's more expensive, but you won't be dealing with Communists trying to get latched on to the public nipple so your tax payer dollars will fund their infrastructure development. Yeah! That's it baby. That's the new game in town for business.

Push all your infrastructure costs onto the tax payer while you maintain PRIVATE OWNERSHIP of the profits. The trade off is totally acceptable for traitors to the PEOPLE'S RIGHT to KNOW.

'Cause all government wants is CONTROL of public access to information on the Internet, and all the BIG BUSINESS guys want is control of the PROFIT. You need to get away from the COMMUNIST/CAPITALISTS — COMMIE-CAPS are the worst. Traitors! Betraying the American people with a kiss! A Kiss of DEATH to LIBERTY!

Anyway — come on out to the LIGHTHOUSE for our THANKSGIVING day messages Sunday and Thanksgiving EVE on Wednesday night. Sunday night, I'll preach a message title "God On Our Side!"

—> [A few extended notes for my faithful listeners who get my show notes: But, in light of these goings on, it's good that the US Army has reversed its position on the COVID-19 vaccine requirement. Soldiers who were discharged for refusing the jab received a letter inviting them to appeal for the removal of any derogatory remarks or dishonorable discharges to be removed or

The fair and transparent 2020 Election narrative continues to crumble. Here is sworn testimony with documented proof that 17k dead people voted in MI during the 2020 Election — 17,327 to be exact. Every vote counts!<sup>14</sup> Friend, 17,327 individuals did not wake up one morning and decide to register a vote for their dead grandpa. This was coordinated voter fraud. Furthermore, you don't pull something this massive off without conspiring with others, involving some voter officials and even persons in political office. And also, this does not happen without a significant bankroll.
