Brain Massage®: Show No. 963

THE COMING “PEARL HARBOR” EVENT / BIDEN PREPARING FOR
WAR—AGAINST AMERICA! /

Original Air Date: 12.09.23

Segment.01 Hello. I’m Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in Santa Maria, CA—and your brain masseur—get ready for your brain massage.

The fight for election integrity continues—it’s a fight we cannot afford to lose.

Some weird new revelations about C-19.

Tucker interviews Alex Jones! Wow! The FIGHT is ON O Christian Soldier — Globalist Assault on the world targets the U.S.

AZ is becoming active: many African illegals have breached the border. They are strolling down the middle of the streets. Watchers are warning Arizonians to lock their doors. Others are taking more aggressive action.¹ Combine this with increasing reports of Chinese military aged men crossing our borders illegally.

Biden pressured Visa, Mastercard, and AmEx to track all arms purchases — they went along with this.

This looks like Biden is preparing for WAR — not against America’s enemies, but against America.

Okay, my friends! It’s time for your Brain Massage®.

[TRUTH]

I’m probably going to end up centering the show on the Tucker Jones interview, but that interview provides context for literally everything that’s going on in this country, and in the world, right now.

The fight for election integrity continues—it's a fight we cannot afford to lose.

I'm reading *RIGGED: How the Media, Big Tech, and the Democrats Seized Our Elections*, by author of *Justice On Trial*, Mollie Hemingway — fortunate name for author — it's informative and helpful to me in preparing my upcoming book, *ELECTIONS or SELECTIONS: The People's Right of Consent* — Hemingway hardly touches the Dominion voting machine issue, and, think she glosses over it. Nevertheless, as I've said many times a while back, while it has been proved that the machines flip votes and are calibrated to steal elections — it's not possible to get away with that without a massive cover up operation that involves maneuvers like “2000 mules” stuffing absentee ballots in the drop boxes paid for by Facebook's Zuckerberg, ballots that were not duly authorized, filled in by machine — yeah, all of this has been proved! The machine side of the steal has connections to CCP, Germany, and Italy — but the cover up is an American operation — well, except for the ballots printed by CCP controlled printers — all of that will come out in my book. What I do is present only what has been proved, that is, what we know for sure. But the really interesting part of my book will be the biblical insights showing the People's Right of Consent is a biblical principle.

The latest thing to come out about the machines is the claim that they are scrupulously tested before each election is a sham. O, they are tested, a sampling is sent in for a look under the hood. And the standards against which they are tested are from 2005, and 2014 at the latest. Technology has gone from flip phones to iPhones in that time, the capacity of thumb drives to carry data has gone from 200 mg to Terabytes — code degrades over time, and is corruptible. No financial institution would trust machines used for computing that were not totally secure with multiple levels of independent testing — so when you get done looking at this you discover the voting

machines we depend upon are actually not tested against any standard that provides security for our elections.

The vulnerable spots in the debate about the voting machines is the manuals that show vulnerabilities, I mean that literally explain how to manipulate the tabulators, the lie that they are meaningfully tested before each election, and the claim there are no modems installed in the machines — just ask them for a look under the hood and watch what happens. O, and demand they give you a look at the routers, too!

The PEOPLE’S RIGHT OF CONSENT is sacred, it comes from GOD, we must DEMAND THAT RIGHT BE RESPECTED. They work for us. We must tell them to get rid of the machines—that we don’t trust them any more than we trust the MSM, establishment doctors, or the COVID vaccine.

I’m looking at some pictures taken from a microscope examining COVID-19 on a slide that reveals some very disturbing structures that do not appear to be biologic! See for yourself — check out this link.² I keep hearing about the discovery of some human designed nano-machines found in the virus exposed to the vaccines.

Here is a fellow that back in 2021 got his first jab and the followup booster, started feeling not so good after the first jab, but after the booster, got very sick — it increased until finally he was hospitalized where they extracted multiple very large blood clots from his lungs.³

You heard, perhaps, that a NZ tech responsible for programing the payment program for Pfizer jabs started looking at the data and

discovered an unusually high percentage of fully vaccinated New Zealanders were dying from the shot. When he blew the whistle, the NZ police arrested him and now he is facing 7 years imprisonment simply for revealing public data collected by his government. New Zealand is in full blown panic when Barry Young blew the lid on how many in New Zealand are dying from the Pfizer jab.⁴

And in S. Korea, a massive study of the COVID-19 vaccinated including millions in the database found “increased risk of blood abnormalities” from the mRNA vaccines (Pfizer, Moderna, Astra Zeneca — but mostly Pfizer) and recommends “careful observation ... after vaccination.”⁵

People are waking up! Prime Minister of Slovakia took a stand: he called the WHO Pandemic Treaty nonsense “invented by greedy pharma companies.” He pointed out that “one study after another confirms the scandalous consequences of mass vaccination with untested experimental vaccines.”⁶

Attacked by the phony pandemic—no time to go into it here, but many have identified ways to help you combat the spike protein that causes the COVID infection, and that is used by the vaccine to combat it. According to a reputable study published by Epoch Times, *Triple Vaccinated More Likely Than Unvaccinated to Get Symptomatic COVID-19: Study.*⁷

If you want some insight into this and what to do to protect yourself, see Sarah Green, at holisticsarahpa.com. She'll explain what's going on with the spike protein and what you can do about it. Go to holisticsarahpa.com and set up an appointment just as if your life depended on it — and by the way, if you've had COVID and or taken the jab, you need to have a talk with Sarah. Hold on through the break! I'll be right back!

Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor at the Lighthouse, your brain masseur, and Paul Revere's lantern lighter, lighting the lamps in the church belfry arch, signaling the enemy is on the march, an enemy that would steal from us our liberty.

Pearl Harbor, December 7, 1941 — a day that will go down in infamy! Did you know there are several conspiracy theories about Pearl Harbor that are similar to the main outlines of those regarding 9-11? We had to fight WWII; it might have been the last just war! But it's a scandal, and a shame, and a blight if Pearl was purposely allowed to happen in order to galvanize Americans to support our entry into the War. There were many good reasons to justify our entry into that War—!

This does not mean the Pearl attack was not nefarious and in fact cowardly, and deserving of scorn and retaliation! The fact the attack was allowed was itself an attack on us by our own government. We are getting used to that! And it's time to put a stop to it! Real consequences will be faced by those culpable either before the judgment seat of Christ or the Great White Throne! But it does not lessen the guilt of that generation of Japanese Imperialists — in the same way nothing justifies the acceptance of slavery in America, or abortion, here or anywhere else in the world.

One Japanese Naval Air Commander, Mitsuo Fuchida,⁸ who participated in the attack on Pearl and led the first wave of bomber and fighter planes attacking at 7:40 AM, December 7, 1941. He ordered the attack! He's the guy that ordered his radio operator to announce: Tora, Tora, Tora! Signaling the fleet they achieved complete surprise in their attack. He survived Midway and was tasked to inspect Hiroshima after the Big Boy was dropped, and was the only inspector to escape death by radiation poisoning. Later, when he met up with Japanese flight engineer that had been presumed dead, but had been taken prisoner by the Americans, he was shocked to learn how well the engineer was treated as a prisoner of war in America. When Fuchida learned about the Christian lady whose parents had been killed by Japanese during the war, who treated his former engineer with kindness he became intrigued and investigated Christianity—he became an evangelist who preached the gospel all over America and in Japan.

The promise of Christmas — on earth peace, good will toward men.

If you have not viewed the Tucker interviews with Alex Jones, I strongly recommend it! Here is a link to the full interview.⁹

Wow! The FIGHT is ON O Christian Soldier — the Globalist Assault on the world targets the U.S. And their US puppet, Biden, is preparing for war — not with America's enemies, but with America. Consider the evidence.

But to set the table for this, let's talk about the Tucker/Jones interview. I listened to it twice through. I'm not going to take you through the entire 90 minute interview, but we'll look at some

highlights and I'll give you just a gist! (The substance or general meaning of a speech or text; the real point of an action.)

Tucker was deeply impressed by Jones's prediction of 9-11. It's on record — Alex Jones recorded on July 21, 2001 “We know the Joint Chiefs of Staff wanted to blow up airliners — [he referenced the Baltimore Sun] — or if you let some terrorists do it, like the World Trade Center, we will know who to blame, and if it wasn't an outside threat like a (air quotes) Bin Laden, who was a known CIA asset in the 80's, he's the boogey man they need.” Jones talked about airliners flying into the WTC and blaming Osama Bin Laden in July of 2001 — and he said it would happen in about mid September.¹⁰

Alex explained it was a prediction based on hundreds of data points that came together supporting it. One document he referenced was the PNAC document.¹¹ PNAC refers to the Project for the New American Century, a think tank tasked to lay out a plan to project American power into the upcoming century. They began in 1997 and dissolved in 2006, feeling like they achieved their goals. The paper they produced laying out their plan for American dominance in the next century was called *Rebuilding America's Defenses: Strategies, Forces, and Resources For a New Century*. [IBID] Half the members became part of Bush II's administration — and it turns out, the Bush administration's agenda was to implement the PNAC plan. The plan includes some dramatic changes in the way Americans experience liberty and freedom.

That plan concluded with a disturbing statement: “The process of transformation, even if it brings revolutionary change, is likely to be a long one, absent some catastrophic and catalyzing event — like a new Pearl Harbor.” [IBID].

A whole lot of other chatter that Jones picked up about the Joint Chiefs talking about using airlines for an attack that would galvanize Americans behind their PNAC plan, and chatter about activities going on with Osama Bin Laden, who was indeed an American educated engineer and recruited CIA asset in the 80s, — and Jones put it together.

He predicted that a terrorist attack involving airlines flying into the World Trade Center was being planned and would probably happen in mid September of 2001, and that the Bush Administration would allow it to happen as a “new Pearl Harbor” moment for America to justify putting into place the PNAC plan to implement a virtual police state in America — you know, where you are arrested without probable cause and your property seized and searched every time you get on a Federal plane or walk into a Federal building.

Alex explained that he notice media was talking about how life was about to change in America, the RAND Corp and Pentagon were chattering about something is going to happen — and, anyway, Jones explained it is not mysterious; it was a prediction based on hundreds of data points which when assembled convinced Jones the Bush administration was planning to allow 9-11 as a pretext to implement, for example, TSA groping pat-downs — hey, San Luis Obispo Airport, I’ll never use your airport again until you fire that Queer that groped me last time I flew out of your airport.

Alex challenged his listeners to use the WH number, which he provided, to call and explain that we know what you are about to do, that a terrorist attack using airlines flying into the World Trade Center to stage a Pearl Harbor event — and if it happens, we will know what you’ve done. I wonder if anyone called!

And now it looks like another major Jones prediction is unfolding.

Alex talked about reading the Rockefeller Foundation’s Operation Lockstep in which they describe using a virus to bring in a one

world government, implementation of WORLD MEDICAL ID (something WHO is talking about right now), it talked about a social credit score system, and that they would make people wear masks out of fear; that they would shut down sporting events, and Alex said, “stuff like that,” which probably includes shutting down churches — and by this means they would phase in their new tyranny — you know, the one Schwab talks about where you will live in 250 square foot houses, what Alex calls coffin houses, in 15 minute cities, walk everywhere, no cars for the plebes, eat bug protein and live in a 100% surveillance state — as Schwab says, where you’ll own nothing and be happy!

Well, we are living in the fulfillment of that right now! But it’s really just listening to what these elitist when they declare their intentions, they lay out their plans expecting the people to be too lazy or too incredulous, or both, to pay any attention to them.

He said he is currently reading MIT reports of Pentagon scientists making projections about a future where the earth will no longer be dominated by humans — it will be controlled by transhumans. They’ll put smart dust in our food that will be used to create an electromagnetic connection they can use to control behavior — it’s wild stuff! Now I have to wrap this up, so I’ll talk about it some more during Brain Massage® LIVE on Saturday night.

So! Wow! The FIGHT is ON O Christian Soldier — the Globalist Assault on the world targets the U.S. And their US puppet, Biden, is preparing for war — not with America’s enemies, but with America. Consider the evidence. The open borders; what do you suppose that’s all about? Of course, it’s multilayered, but one of the main purposes is to allow our enemies to embed their soldiers into our neighborhoods where they create what we call terrorist cells — but CCP is planting Chinese Communist Party soldiers in our neighborhoods.

AZ is becoming active: many African illegals, we know many Hezbollah and Hamas terrorists have entered into our country through our porous borders.^{12 13 14} No, really, look at these articles; this has been verified and admitted even by the government press. Here is an article telling us a large group of young African men crossed our border illegally in AZ, and here is a picture of them strolling down the middle of the streets. Watchers are warning AZans to lock their doors.

But others are taking more aggressive action.¹⁵ **BREAKING REPORT: Independent Militia spotted and CONFIRMED BY BORDER PATROL in Lukeville, AZ where mass illegal crossings have been taking place.**

AMERICA'S BORDER POLICY IS SO BAD, CITIZENS ARE NOW FORMING MILITIA'S.¹⁶

Combine this with increasing reports of Chinese military aged men crossing our borders illegally.¹⁷ See footnotes 17, 18, 19.)

category codes, used to track purchases of certain items not connected to the buyer; now Biden wants credit card companies to track purchases of firearms by credit card.

Everything Biden is doing supports an invasion on America. It looks like Biden is preparing for WAR — not against America's enemies, but against America. Biden is building and funding his army!¹⁸ You understand that Iran funds Hezbollah, and through Hezbollah, it funds Hamas. The Iranian Mullahs are now openly bragging about this. Obama and Biden have supported Iran, enriched our enemies, turned over billions of dollars of munitions over to our enemies — given billions of dollars to them!

It's like everything Biden does serves to weaken us, and strengthen our enemies. We need to be willing to SEE what's in front of us.

This next election is critical — we need to return the RIGHT OF CONSENT to the PEOPLE in order to STOP all this, and finally, fully, DRAIN THE SWAMP.
