## Brain Massage®: Show No. 969

SIGNS TRUMP IS WINNING! / DAVOS IS GETTING NERVOUS

Original Air Date: 01.20.23

Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in Santa Maria, CA—and your brain masseur—get ready for your brain massage.

Hey, why don't we have an airline running from SMX? It makes no sense to me at all. It's annoying! The TSA in SLO is obscene, and Santa Barbara is too far and they were total mask Nazis — Santa Maria is larger than either Santa Barbara or San Luis — we should have, in fact, Santa Maria ought to have an International Airport and be a port of entry! What happened? When I arrived some twenty years ago, I could get a flight from Santa Maria to a hub and to wherever — but all of a sudden it disappeared and we can't — something is wrong with that board folks — and we need to get this business taken care of.

Hey, all eyes on Mike? Why does Tom Fitton find Speaker Johnson confusing?

I want to know why the House will not take on the DOJ and specifically the FBI regarding the J6 travesty.

The Biden surveillance state is under construction.

Biden's voter fraud organization might be faltering, but Schwab has the solution: "Why do we need elections?" AI will predict the results.

Kevin Roberts, president of Heritage Foundation was invited to this year's World Economic Forum gathering in Davos, and, WOW, he set fire to Nimrod's Tower baby! I'll give you a listen!

Signs of hope for a Trump victory in November. For example, “they” are already planning how they are going to obstruct his presidency if he wins.

Trump caught with blood on his hands?

NBC caught with antichrist bias on its programing.

An ad for Biden you won't believe!

Dicky Durbin gets schooled by Cruz and Hawley when Durbin tells a bald-faced lie about Cruz at Senate hearing!

Okay, what's this? Alec Baldwin indicted on charges of involuntary manslaughter that were dropped two years ago — who cares? That's all they've got to divert us from the disaster on the left spelled B.I.D.E.N.? Not even Obama has any expectation Biden will win in November.

Okay, my friends; it's time for your Brain Massage®:

[TRUTH]

All eyes on Mike? I like Mike! But, sometimes I wonder!

I'm not alone. Judicial Watch president, Tom Fitton, finds Speaker Johnson confusing?<sup>1</sup> He is right — I spoke to it last week, the HOUSE Must STOP funding the dictator-Biden's DOJ and FBI's weaponization against the American People — Congress must use their power over the purse and bring the Executive to heel, shut them down — when the trolls Wray, Myorkas, and Garland go to get their checks slap their filthy traitorous hands — better, slap cuffs on their wrists and hall them over to where the J6 political prisoners are kept and let's have a prisoner exchange — Myorkas, Wray, Garland, Pelosi, Schiff, Swalwell, Liar Dicky Durbin — did you hear Durbin accuse Cruz, Hawley and the Republicans concerned about the pro-Hamas connections of Adeel Mangi

nominated by Hamas loving Biden for a seat on the Third Circuit Court of Appeals in New Jersey because he is Muslim—. Yep, pulled the “Muslim” card! Durbin is a bigot against American’s interests — a patsy for every antiAmerica force active around the world!<sup>2</sup> Anyway, I can’t name them all here, but they need to be shackled arms and ankles and perp-walked to the J6 jails at the sound of drums, and made to trade places with the J6 political prisoners —.

I agree with Fitton, the Congress needs to use their conservative majority to stop Biden from using the DOJ and FBI as his personal praetorian guard, and his campaign enforcement goon squad.

Did you hear about the latest FBI bully arrest of an anti Biden patriot who spent 75 seconds in the Capitol on J6? He committed no act of violence — and I think he was among those waved in by Capitol police!<sup>3</sup>

The Biden surveillance state is under construction.<sup>4</sup> <sup>5</sup> Lately, the Biden Administration “instructed financial institutions to use like ‘MAGA’ and ‘Trump’ when searching private transactions.”<sup>6</sup> Stephen Miller is a former Trump advisor. On Fox News, he said

the Biden Administration was creating “a pretext for a ‘vast police and surveillance state.’”<sup>7</sup> Biden and the Demoncrat’s rhetoric about Trump ending Democracy has nothing to do with Democracy — the Bidenistas have almost totally deconstructed the Constitution and the Declaration robing Americans of their freedoms and even taking away their access to food and fuel — what they are worried about is Trump destroying the Democrat Party throttle hold on our liberties and our elections — breaking their choke hold on the neck of LIBERTY. I agree with Miller, the Biden message is aimed at trying to terrify voters into allowing him to impose a massive police and surveillance state — if he can, he’ll send FBI Swat teams to every MAGA patriot to put them in jail — if he can’t get Trump in jail he’ll try to terrorize his supporters with fear he will come after them — look for another Naziesque Red Scare speech. DOJ and DHS are being positioned to crush political dissent in America — censoring free speech, jailing Biden opponents — openly targeting and intimidating Christian patriots.

All of this is evidence that the Obama-Biden voter fraud organization they constructed together is faltering. Perhaps that’s why Schwab is dreaming about day AI (artificial intelligence will decide elections. “Why do we need elections?” AI will predict the results.<sup>8</sup>

The World Economic Forum gathering in Davos, Switzerland happening now, has invited the President of Heritage Foundation to speak.

Here is something you don't expect to hear at a World Economic Forum gathering anywhere and especially not at DAVOS.<sup>9</sup> Heritage President, Kevin Roberts was invited to represent conservatives at DAVOS on a panel titled "What to expect from a possible Republican administration" and goes "scorched earth" on moderator Robin Niblett, styled a British expert in international affairs, when Niblett said that what the WEF and those who attend it stand up for is liberal democracy.<sup>10</sup> Take a listen to this! I'm going to play the full unedited version of this on the other side of the break.

Hols on, I'll be right back.

Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor at the Lighthouse, your brain masseur, and Paul Revere's lantern lighter, lighting the lamps in the church belfry arch, signaling the enemy is on the march, an enemy that would steal from us our liberty.

I think you should hear the complete statement of Kevin Roberts, president of the Heritage Foundation, response to British international affairs expert, Sir Robert Niblett's statement that the World Economic Forum and those who attend have in common a desire to protect and advance democratic liberalism.

[INSERT Heritage President Schools DAVOS (2 - FULL) - 3.36 minutes.]

Listen folks, the LEFT NEVER, and I mean NEVER reaches out to conservatives like this unless they know they are losing the PEOPLE and getting into political trouble.

The WEF specifically asked Roberts to attend and speak at the meeting in order to discuss ways to reconnect with conservatives.

These are signs of hope for a Trump victory in November. And this, “they” are already planning how they are going to obstruct his presidency if he wins.<sup>11</sup> Yeah! Groups like Protect Democracy, the Institution for Constitutional Advocacy, and Democracy Forward, have joined an alliance of far left, WOKE, groups “preparing legal action to block Trump from taking certain executive actions if he takes office.” George Soros is funding this move! He is clearly afraid Trump is going to win. Soros is making noises at the WEF this year warning against getting too cozy with China—he warns liberal BlackRock investment group that Xi is on a collision course with the US <sup>12</sup>— only one reason for Soros to be concerned about that — and that is his bet has been with China but it’s starting to look bad for his Party. He is signaling concern that Trump might have sufficient popular support to overcome their efforts to steal another election.

Trump caught with blood on his hands?<sup>13</sup> Well, I was going to have some fun with this, but no time! It was a paper cut! It symbolized the political blood letting that’s coming upon the WICKED when Trump returns to the White House and picks up the executive order PEN. He is going to give new meaning to the expression that the pen is mightier than the sword.

NBC caught with antichrist bias on its programing: “NBC edits out winning QB’s praise of Jesus in postgame interview.”<sup>14</sup> Curious fear of “the NAME.” Hebrew believers fear saying “the Name” — so when they come across the name of GOD in Scripture they say “Ha Shame”— but the name these people fear the most is the NAME JESUS, Yeah, Gloria Gaither, there really is something about THAT NAME ... [INSERT GAITHER]

Kings fear this name. And they should. GOD in Heaven laughs at these ridiculous petty little would-be world rulers and warns them — “Kiss the Son, lest he be angry, and ye perish ... when his wrath is kindled but a little.” (Psalm 2). Hey, that’s what happens when it’s kindled but a little — you know, like when He has someone like Trump in office with genuine GOD FEARING PATRIOTS running the government bureaucracies UNDER GOD and no longer UNDER Baphomet — when someone runs the White House that HONORS THE CONSTITUTION and governs IN THE SPIRIT OF OUR DECLARATION recognizing the inalienable RIGHTS of MAN who will require all nations to RESPECT OUR LAWS — when AMERICA is GREAT AGAIN, AGAIN, governed in the NAME OF JESUS CHRIST — when His wrath is KINDLED A LOT — the policy changes from WHOSOEVER WILL bow the knee shall be saved to ALL WILL BOW THE KNEE just before you go to HELL!

[INSERT. Gaither]

An ad for Biden you won’t believe! Can you believe that they would send this Ad to me? Unbelievable! The Biden Victory Fund — I thought it must have been a spoof from Babylon Bee or something—but these people actually thought they were talking to a brain dead Democrat who goes to the gas station and lays out 120 for a tank of gas, 5 for a loaf of bread, and three times more for housing

<sup>14</sup> 969.3.1-NBC Edits Out Winning QB’s Praise of Jesus in Postgame Interview - The Daily Signal [https://www.dailysignal.com//print?post\\_id=1057251](https://www.dailysignal.com//print?post_id=1057251)

— and says, remember the horror days of Trump, you don't want to go back to that, do you? Over and over this ad talks about remembering how depressed you were when Trump was in office — not once does it ask you to think about Biden's record as President — one thing is hammered on, how scared you were under Trump and how safe you feel now! Is this a true reflection of the Progressive? Wow! They are far more 1984 than I thought!

Anyway, I need to move toward conclusion here. Dicky Durbin gets schooled by Cruz when Durbin tells a bald-faced lie about Cruz and Republicans at Senate hearing over a Hamas supporting Judicial nominee—Cruz, as he always does, lays out his case proving the nominee Adeel is a Jihadist Hamas supporting radical — and Durbin has nothing, so he plays the only card the left has — the “race card.” But that card has lost it's TRUMP — hehe!<sup>15</sup>

And, really, if the left thinks Alec Baldwin being indicted on charges of involuntary manslaughter that were dropped two years ago — is going to take attention off his TREASON, and political assassination efforts to keep Trump off the Ballot, or put him in Jail — he is seriously mistaken. Who is Alec Baldwin, anyway? Isn't he that guy the shot and killed a member of the Rust cast, or crew, or something?

I have lit the lamps in the Church belfry arch and now you let me know if you see them.
