Thompson & Johnson — I’ll explain! The “Cut Off All Their Heads Committee” — I’ll explain! Biden to cede Sovereignty of the US to the UN WHO? — I’ll explain!² What’s going on with Johnson—sometimes I hate it when I’m right! This latest trick to get around the real conservatives in the House is disgusting. The Border crisis is at a critical state of emergency—we are being invaded! Corruption in the LIGHT of DAY! — I’ll explain!

Hey, it’s time for your brain massage!

[TRUTH]

The “Cut Off All Their Heads Committee” — Elon Musk noticed what many of us have — anytime the government thieves in Washington, or Sacramento, want to steal something from the People, whether it’s their liberty or their money, they come up with a title that is opposite of what it’s really all about. There should be an honesty in labeling law applied to Legislatures. Some of the most notable example are the AFFORDABLE HEALTH CARE ACT,

a.k.a, Obamacare. I see it often, an organization named, well, how about the American Red Cross — should be the *American Double Cross* — providing guides for illegals to violate our immigration laws.³ Soros is the champion label liar. His funded organizations include Best for Britain — more like *beat down Brits*, Center for Public Integrity — *Center for Public Corruption*, Human Rights Watch, ha, better called *Human Enslavement Works*, and America Votes should be *Assuring American Votes Are Meaningless*;⁴ and, of course, the Open Society Foundations are in truth *Controlled Society Foundations*. But, back to liars in our Congress and State Legislature.

Here is a good article to read: *In Congress, the name of a bill may have nothing to do with what's in it — it's all about salesmanship*.⁵

Manchin proposed a Bill that advances the worst of climate change *boondoggery*, policies the “curb climate change” that actually kick human rights, and the American economy to the curb. It was a bill that included allowing government to control prescription prices, removing them from the pressure of free market competition, and it expanded and solidified Obamacare. Furthermore, it slapped a 15% minimum tax on corporate profits that make more than a billion dollars in profits — which is simply thrown onto the backs of working class Americans; think about it! And the name of this Bill? The Inflation Reduction Act of 2022.⁶ Wall Street Journal called it the latest Democrat party-line attempt to “push their social

agenda through Congress” and says it lifts “Orwellian naming conventions to new heights.”⁷

The article states what we who have paid attention would say is “the obvious”: “Politicians have long used bill titles as a marketing vehicle, concocting sometimes misleading and outlandish monikers to get media attention, drum up support” and offers one of the worst offending bill titles: “Leaving No Child Behind.”

Check it out — do a search on mislabeling rules, or labelling laws — you’ll see a most amazing display of hypocrisy. The same legislators who practice this liar-label game have crafted some of the most restrictive labeling laws anywhere in the world.

And though they all do it, the Democrats are the worst offenders. Not surprising, since their own Party Name is a misnomer. There is almost nothing left of democracy in the Democrat Party: no free speech, no right to self defense, even the American ideal of innocent until proven guilty is gone, equal justice under law is gone, and the crown jewel of any Democracy, the people’s right of consent is GONE. It’s been gone in practice for a while, but that “practice” was hidden, now they are coming out into the open. The Founder of the World Economic Forum which supposedly advocates for liberal Democracy has come out and said, who needs voting, when AI can calculate the outcome for us.

You’ve probably seen the clip; here is the audio segment: [INSERT SCHWAB-36 seconds]

This created quite a stir, so let’s be careful to provide context. First, this was from an interview with Google founder Sergey Brin and they were discussing the Fourth Industrial Revolution — the topic was concerns some have with emerging digital technology. Schwab was speculating on the future of AI, and he said, “We don’t know yet how the technology will look like. But one fear which I have

⁷ Ibid. 971.0.2

heard is, technology now is — and digital technologies — mainly have an analytical power, now we go into a predictive power,” Schwab said this as preface to his comment.

Okay class, raise your hand if you know Schwab is a total globalist? Good night, I was almost knocked down by the wind wave caused by hands raising — I guess you are all tuned in this morning. Okay, another question, how many of you know Yuval Harari is the Globalists guru, the priest of the New Age, or, here. you go, the false prophet for the beast? Hey, not as many. Some of you have not been paying attention — I brought this out a while back. Anyway, here you go, the World Economic Forum prophet, Yuval Harari: [INSERT CLIP- 30 seconds, edited].

And finally, how many have heard Karl’s famous saying: “You will own nothing and be happy”?

Now, in the context of what you know about this guy, you tell me if in this interview he was not practically giddy, drooling at the mouth, over the prospect of AI deciding our elections. Right!

So, anyway, Elon Musk is on to them. He recently Xed: “When you hear the names of legislation or anything done by the government, it is worth remembering that the group that sent so many people to the guillotine during the French Revolution was called ‘The Committee of Public Safety’, [sic—comma inside closing quotation mark] not the ‘Cut Off Their Heads Committee.’”⁸

The Democrat Party commissioned Thompson committee gathered a “trove of information,” but the challenge was “what to do with it.” See the PBS documentary linked here.⁹

The information “trove” was a collection of cherry picked video, and edited clips of Trump speeches, crafted into the J6 insurrection narrative. See this link to get in on the hundreds of hours of video they conveniently left out of evidence, which, according to legal dudes who know, would have exonerated virtually every one of the more than 1200 Patriots charged with insurrection.¹⁰

The *what to do with it* was how best to present this to the American people to sell them on the crafted narrative? The answer was to turn to Hollywood — no one makes a lie look like the truth quite as well as Hollywood liberals in the movie business. So they contacted an old friend, James Goldston, retired President of ABC News, who had some experience in fabricating news stories on his watch. I’m pretty sure James Goldston was overseeing the 2013 news fabrication scandal that hit ABC News. Here is an article: “ABC News and CBS News Officially Normalize Fabricated Reporting”¹¹ — Okay, so, this is the guy the Democrats hired to help them sell their lie to the American people that Trump was leading an insurrection.

And these wicked people know one of the most effective lies is an inverted truth. The Democrats were the ones conducting an insurrection; it began the day Trump announced he was running for President.

Trump was a total outsider and already known to be incorruptible. Here is mobster “Sammy the Bull” who became an FBI informant back in the day when that meant he was helping to break up actual mobster activity rather than support the Globalist-Mob controlled FBI — but anyway, here is the guy who testified he tried repeatedly

to corrupt Trump with bribes but found that he was incorruptible. Go to this link.¹² Sammy the Bull said, “I tried to get to him. He just wouldn’t bite.”

They knew they were in serious trouble, and they went all out to stop him; and when the Russia Collusion hoax failed to turn the people against him, they continued to use that lie to impeach him, twice, these foul and vile people — listen!

Trump should get your vote for a lot of reasons. I mean it is obvious he knows how to get things done. But we simply cannot allow these wicked people to get away with what they have done. They **MUST NOT WIN!** They must be defeated, and then held accountable for their treason.

Alright, so the Demoncrats hired James Goldston, former ABC News president, to help them produce the “mini-series” J6 insurrection story. And ultimately it all fell apart. They’ve been exposed. And Adam Schiff, who played a starring role in that movie, must not be allowed to parlay that performance into a promotion into the Senate—Go Garvey — yep, the Baseball guy — number 6 on the LA Dodgers, from bat boy to World Series champion — called Baseball’s “Iron man.”

Let’s send that bottom feeder Schiff to the bottom of whatever swamp he crawled out of and let’s put a real man, and a real patriot in the US Senate — go Steve Garvey. But, Mr. Garvey, please look more. closely at the Ukraine issue. Here is his web page if you want more information.¹³

The whole J6 thing was a movie, man! And a bad one too! They could not even win a prize for best actor it was so badly played, and the script was awful. Badly cast too, I mean, Schiff, really? He is

supposed to be believable? You’ve got to be kidding! And Chinese spy boyfriend Swalwell, and that swampy Cheney chic — really? Pelosi would have been more entertaining — just get her sloshed, soused, sozzled, stewed, soaked, okay — that’s enough! You get it! At least then there might have been some entertainment value in this farcical, vaudeville squib! — third meaning! Although the first meaning works: “A small firework that burns with a hissing sound before exploding!” Selah!

I’ve got to take a short break. I’ll be right back, “for more stimulating conversation with doctor Scheidbach.” Hehe!

Segment.02 Hello. Welcome back! I’m Dr. Jerry Scheidbach, pastor at the Lighthouse, your brain masseur, and Paul Revere’s lantern lighter, lighting the lamps in the church belfry arch, signaling the enemy is on the march, an enemy that would steal from us our liberty.

& Johnson — I’ll explain! What going on with Mike Johnson— sometimes I hate being right! Only sometimes! But at those times, believe me, it’s far more miserable than being wrong! I wanted Mike to lead RIGHT!

My stomach sank when I heard his gavel acceptance speech — he sounded squishy, like a doggy toy!

Reggie, I love you bro.; but you are going to have to have a talk with your fellow Sabine (Sah-Bean’) River friend! It turns out he is a squishy toy for Lizard Dems to play with!

The Continuing Resolution passes a budget that is outrageous! It’s the worst budget ever, and Johnson is simply too squishy — he refuses to use the power of the gavel to get this nation’s spending priorities straightened out and under the control of good sense. Do these people not have staff they can task with reading and reporting on the contents of these bills — or do they simply not care to know what’s in them?

I'm tired of squishy Republicans — so beware — just because a guy is a Christian and talks about governing by the BIBLE does not mean they will honor that — I mean, you've got to look deeper than a guy who says all the right things. Just sayin'!

Okay, here is the thing.

I am beginning to agree with Bannon, “you can't trust Johnson.” He calls this latest CR a welfare package. (It's a continuing resolution to KEEP THE GOVERNMENT OPEN — that's what this is about! To make sure we keep feeding CORRUPT bureaucrats like Myorkas — and funding the DOJ, and it's brute squad, the Biden enforcement police within the FBI — yeah, we gotta make sure those Pigs are Fed (Hah! Remember the 60s? They say if you do you weren't there — well, I was there, and I remember when the shadow government killed our President — anyway! In other words, the focus of our Representatives is not supposed to be the GOVERNMENT it's supposed to be THE PEOPLE. Your job is not to make sure government stays open, it's to make sure the CONSTITUTION is followed and upheld. Represent the PEOPLE, Mike, not the GOVERNMENT!

So, this Continuing Resolution Mike Johnson was so hot to pass is a patronage package, according to Dave Brat, Vice Provost for Engagement, representing my alma mater Liberty University. Dave got his information from the Tax Policy Center. It's a patronage package because it pays key donors that keep certain members in their jobs — in other words, it's what I've said a hundred times — these representatives work for the people that put them in power — the “donor class” — not the People! They all ought to wear patches identifying who sponsors them — literally, that should be a requirement. You would see a Big Pharma patch on most of them.

Anyway!

He revealed to us that the richest 120k households get the lion's share of whatever benefit from the new tax plan. By lion's share, I

mean that 88 million household receive a whopping \$60 bucks, while the 120k richest taxpayers receive, drum roll — 57k each. What????

Way to go Johnson! You either got snookered or ... something worse.

META, you know, Zuckerberg's thing, gets a massive tax break. In fact, META goes from paying 25% on the billions in profits generated by META to being a subsidized government entity — yeah, to a negative 2%. We, the taxpayer, are now going to subsidize META by 2% of their net profits, which is already in the billions.

Mike Johnson has said repeatedly that the border is the critical issue and the hill he refuses to yield. Well, someone explain to me, and hey, I know a guy whose sister communicates with Johnson and so, please, get him to explain what he was thinking! Because this CR he crammed through, literally, changed rules to force a vote, whipping up 100% Democrat support for this thing, IT GIVES WORK PERMITS TO ILLEGAL ALIENS.

I guess the thinking is, well, they are here, might as well put them to work — right? Great! Displacing hundreds of thousands of jobs for Americans.

Each of these millions of children that have been marked as future Democrat voters, or present ones, rules don't matter — as we shall see — even to Republicans — all these children have to go to school. I think the average is 50k per year per student — this bill provides an education bonus to every illegal family that entered our country AGAINST THE LAW. So, that's great! Let's REWARD law breaking, and in doing so let's punish the law abiding.

We are talking burning through billions of dollars supporting this illegal invasion of our country.

Somebody walks into my house uninvited, they are likely to be met with a Springfield 40. Entering my house without my invitation is

an INVASION. We are being INVADED! And 800,000 got away, 1.7 million since Biden pried his way into the White House with the most elaborate election fraud organization ever in the history of the US — his words!

So the Senate gets the Bill passed by the House, and they can't believe it! Even the liberally controlled Senate knows this is crazy.

So how did Johnson get this done? He has had to turn to the Democrats to defeat the Republicans who want this nonsense to STOP. ¹⁴ This article explains it! The bottom line is that right now, Johnson has “fewer votes than his predecessor” — Kevin McCarthy. [IBID]. Those few who support Mike Johnson appeal to reason: “we are in a divided government. Anyone who thinks we are going to get more out of this deal is lying and they're kidding themselves.” He is a New York Republican, so, you see how it is.

Yep! Here it is folks! The Democrats are winning again, and they do it by convincing Republicans they can't win! Why is it that Democrats never give in that way!

This Bill DOES NOT SECURE THE BORDER — if the government refuses to protect us from an invasion — IT'S TIME TO SHUT IT DOWN!

It is beginning to look more and more like Mike Johnson works for the Democrats rather than for the REPUBLICANS who get him into his chair and handed to him the gavel.

Fundamentally, it's, and this makes me very sad, but fundamentally this is exactly what I saw in Speaker Johnson when he gave us his acceptance speech — Squishy Speaker Mike! Just squeeze hard and he squeaks — those devil dogs are having a time with squishy-speaker-mike. He thinks he is there to get along with the enemy, he thinks his contribution will be to keep the ship floating while the

mutiny against the American people continues — WE ARE AT WAR, MR. SPEAKER, AND THE PEOPLE YOU ARE TRYING TO APPEASE ARE THE ENEMIES OF THE PEOPLE YOU ARE SUPPOSED TO PROTECT — it's about the Constitution, Mr. Speaker, it's not about getting along with Schumer.

They won't pass the bill that's needed! Right, so you think the answer to that is to give them a bill they will sign — and they'll sign on to any bill that keeps feeding the monster that is eating our liberties. They will NEVER sign on with you to do what needs to be done to SAVE AMERICA. Why can't you get that in your head!

Have you been bought? Did Schumer introduce you to some body that offered you the world if you'll bow to him?

I'm not accusing, I'm just trying to figure out why you decided you do not work for the people who gave you the gavel for for the exact same people we took the gavel FROM in order to give it to you!

Look, Johnson drew the line at the Border, the Dems pushed back, and squishy Mike squeaked to the delight of every dirty dog politician in the Congress today! The whole kennel came out to support him — so now he knows the DEMS will be on his side if only he will part company from the conservatives in his own party.

Well, I've got to go. I'll see you Saturday night for my Brain Massage® LIVE, livestream visit. Check me out on independent platform called Rumble, and, thanks to Johnson and his friends on the LEFT, the now PUBLIC FUNDED platform called Facebook. Wow! God have mercy!

I'll be in my pulpit Sunday all day and for my adult Bible study I'll begin a Valentine series going over some biblical relationship principles that will literally revolutionize your relationships — that class begins at 9:30. The preaching service will begin a series on the GOSPEL OF THE KINGDOM — I think this first message will be really interesting both in how it applies to what's going down in

America right now, how we can contribute in the ongoing battle between the Spirit of JESUS CHRIST and the spirit of antichrist, and Sunday Night will be an inspirational message showing from Scripture where GOD is taking this nation and the world!

9:30 for the first service, 10:45 for the second, and 5 PM for the third. Come on by and let's worship the KING together! What do ya say?

I have lit the lamps in the Church belfry arch and now you let me know if you see them.

Email me by going to our web site at branmassage.net. That's brainmassage.net. Find the CONTACT button and send me an email.

You can leave a message on our Listener Response Hotline: 805.314.2114.

God bless you. God bless America! I'll see you in Church.
