CIA conducting a color revolution on America?

A color revolution is a regime change operation conducted by the US CIA against a country. No, really! The CIA has admitted to conducting seven of these revolutions: the Velvet Revolution in Czechoslovakia in 1989,⁹ the Rose Revolution in Georgia (not the US State, the country) in 2003 — used an election dispute — the Orange Revolution, the first in Ukraine, 2004-2005 — another election dispute centered regime change,¹⁰ the Tulip Revolution, Kyrgyzstan, 2005, election dispute,¹¹ the Green Revolution, Iran, 2009,¹² although, the CIA was operating in assisting a coup in Iran back in 1953, and the Arab Spring Revolution, 2010.¹³ But the US CIA was also behind the regime change in Ukraine in 2014 and the Sunflower Revolution in Taiwan in the same year.¹⁴ Oh, I almost forgot: the Saffron Revolution in Myanmar, 2007.¹⁵ This is Imperialist behavior, and it was done WITHOUT THE KNOWLEDGE OF THE AMERICAN PEOPLE. This is tantamount to waging war without an Act of Congress — which the US Constitution requires. Everyone involved in this activity

ought to be tried for high crimes, and if convicted, perp walked into their prison cells before the eyes of the world.

Do a Truman thing and keep cameras on them 24/7 so anyone interested can check in to see them living out their sentence. Play the oath they took read by General Patton's voice over the Star-Spangled Banner twenty times every day, sung by the J6 Patriot prisoners interspersed with the pledge of allegiance, recited by Donald Trump. Yeah, that should do it! Except for those who participated in acts of murder—they should be executed by electric chair in a livestream video to the world!

Is anyone at all surprised to discover our CIA is conducting a color revolution against America? In truth, every color revolution is against America because it is against the Constitution's restrictions concerning the declaration of war. Attacking a country's elections is an act of War. Did you hear that, Mr. Xi? Putin? El Papa in Rome! Merkel in Germany? Boris, in England? (He ran his country like he combed his hair!)

Many of us have suspected the CIA was operating a color revolution in our country beginning as far back as the JFK assassination. [WHEN YA GONNA WAKE UP!—3 seconds]

Now we have actual evidence the CIA is neck deep in a color revolution against America as FOUNDED.

Years ago, Rush made that distinction, and it is very useful. These wicked people pretend they love America, and it's all about preserving American Democracy. They justify violating the Constitution as a necessary evil to protect DEMOCRACY. They are liars. The only "Democracy" they want to protect is the Democrat Party — they want to establish a one-party government, like every other Dictatorship. There are Americans, and then there are *Amerikanskis*. There are Patriots loyal to America as founded by the likes of George Washington, and there are Loyalists to the legacy of old King George of Britain! There are genuine freedom and liberty-loving Americans, and then there is deeply embedded

inside the American government an army of soldiers militantly attacking our freedoms and liberties — they hate the concept of inalienable rights endowed by our CREATOR and want to replace GOD with government, but not any government, they will tolerate no power not controlled by them.

The “Americans” doing this junk in the name of America for many decades now is not AMERICA, the land of the free, home of the brave. Their version of America, the Obama version of America, envisions a land that is home to those who love bondage and tyranny. Those who follow them are inclined to be content to live as kept animals in Schwab’s 20-minute cities, eating bugs for protein and living vicariously through virtual reality gaming. 100% 24/7 surveillance will provide the elites ample entertainment while they pork out on pork ribs and filet Mignon (*Men-yone*), sipping their wine while scheduling their next adrenochrome fix!

Okay, let’s quit messing around. Seriously, friends, the CIA is pushing the insurrection myth as a disinformation campaign to direct attention away from the actual coup that has been underway since Obama lied his way into the White House.

Bongino brought the receipts from one of his episodes this week. Our prayers are with you, fearless one! Bongino’s mother passed away, and his testimony about that is very touching and enlightening. Check it out when you get the chance. Here is the link.¹⁶

Judicial Watch filed a FOIA with the DOJ to obtain ATF communications and the DOJ refused to honor the LEGAL DEMAND for the PEOPLE’S RIGHT TO KNOW what their government is doing with their Tax dollars and in their Name. So Judicial Watch SUED the bums and won! They got 88 pages of Bureau of Alcohol, Tobacco, Firearms and Explosives¹⁷ (ironically

still referred to as the ATF, and not BATFE — heads up, it's one of the most corrupt government institutions in DC) so Judicial Watch had to sue to force the DOJ to honor the LAW — understand that every single time Judicial Watch has to sue to get access to government records it's because your government does not think you have a right to know what they are doing with your money in your name! That's because the government operates as a separate entity within the United States but is not subject to it. Your government today operates as an independent occupying force using your money to construct a prison in which you are reduced to servitude by the “almighty government” that you feed!

You are literally feeding the monster as it eats you!

These records include a series of text messages under the heading “JAN. 7 INTEL CHAIN.” They were exchanged on Jan. 6. Two separate texts refer to CIA activity during the so-called Insurrection. One states that “Two CIA bomb techs” were “assisting with a pipe bomb scene on New Jersey and D ST. SE.”

That's at the DNC headquarters, where, inexplicably, VP Harris was during the J6 protests at the Capitol. Why was Kamala taken from the Capitol to the DNC headquarters? Anyway, this is where a mysterious, hooded guy walks over to a patrol officer and reports sighting a pipe bomb near the DNC headquarters building. Another text message says, “Several CIA dog teams on standby.” [IBID].

Another text states that a “Command post is at JERSEY and D St. SE.” [IBID]

CIA resources were deployed to engage in a civilian matter within the US. That is NEVER supposed to happen, ladies and gentlemen. That is a VIOLATION of our trust in this government. It is a major breach of our Constitution, and not only are the ethics of those commanding this operation in question, but their loyalty to the Constitution is also in question—all participating in this are in CONTEMPT of the Constitution.

Now, for the Bongino take on this. You know that the fearless one worked in these sorts of scenarios when he was in the FBI. He led some of these operations—securing an area for high-level state officials. At no point did he or anyone else ever ask for the intrusion of CIA assets into a domestic security concern. Even when dealing with the security of the POTUS, NEVER, and Bongino emphasized this, he NEVER brought in CIA assets.

There is simply ZERO reason to have CIA assets activated during an event like this, and he believes it's a CIA operation.

The fearless one has demonstrated a consistently accurate sense of what's going down, a very keen and accurate intuitive feel for what is going on shaped in part by his personal experience in that world — the whole cloak-and-dagger scene.

He has a highly developed sense of smell — and can sniff out a rat's nest of corruption when it's in “the air.”

Anyway, Bongino practices the Scheidbach protocol for what does not make sense. When something simply does not make sense, step back and look again at what sense it does make.

All these facts fit only one of a very limited number of scenarios. His choice is that 1. the J6 thing is a CIA operation; 2. they embedded Federal agents within the Protestors tasked with creating a disturbance they hoped would allow them to cast the Patriots as insurrectionists and pin that charge on Trump; 3. they had a backup plan: if they could not get the “riot” going as they planned with their FBI embedded instigators, they would blow up the DNC, and perhaps also the RNC — but to make it something sufficiently dramatic to get what they wanted, the American people to rise in anger against Trump and his followers, they needed to make the explosion at the DNC more interesting. And so, 4. They planned to blow up the DNC headquarters with Kamala present — did they plan to kill Kamala and blame Trump and his MAGA supporters?

Isn't it crazy that the whole thing is totally believable?

Raise your hand if you can see our CIA doing something just like that. And I agree with Bongino; no other surmise comes close to incorporating all the facts fitted nicely together into a coherent picture — everything we know about how the CIA operates makes this more than plausible. The CIA headquarters for the alternate government, sometimes called the “Shadow Government,” today referred to as the Deep State.

Segment.02 Hello. Welcome back! I’m Dr. Jerry Scheidbach, pastor at the Lighthouse, your brain masseur, and Paul Revere’s lantern lighter, lighting the lamps in the church belfry arch, signaling the enemy is on the march, an enemy that would steal from us our liberty.

Is your doctor for sale to Pfizer?¹⁸ Even CNN is concerned about physician bonuses being tied to RVUs — “Relative Value Units” — that measure time spent with patients and the number of patients treated. This Opinion piece from CNN points out that this raises “ethical concerns as they can directly influence the behaviors of physicians and tie in quality care directly with physician profit.”¹⁹ Here is another article, this one from HealthCare Finance that tells us Providers get greater reimbursement for COVID-19 vaccine.²⁰

The article is very blunt: “The move is to support actions by hospitals and other entities to expand vaccination efforts.” [IBID.]

The money is expected to encourage “growing existing vaccination sites, conducting patient outreach and education, and hiring additional staff.” (IBID.)

Remember all the noise about Hospitals getting 40,000 dollars for every COVID-19 patient death? Neither do I! But here is an article that explains it all! The hospitals were not getting paid for the number of COVID patients that died; the INCENTIVE PAYMENTS were tied to TREATMENTS provided to the patients, not to their deaths.²¹ So, the 40 grand was not tied to the patient's death, only to the treatments insisted upon by Fauci et al., which we now know killed a considerable number of those patients.

Are you kidding me? Do these people believe we are so stupid? We are fully aware that we are dealing with intelligent devils, the sort that are incredibly skilled at lying and deceiving. I never expected any hospital administrator to say, hey, let's kill some people today so we can make some extra money. (I have heard reports from whistleblowers who reported some administrators admitted the protocols were questionable but aggressively encouraged their use despite the fact so many were dying in circumstances that suggested the treatment was facilitating their demise—and I've heard of administrators threatening to fire physicians who dared explain the risks to patients or offer alternative therapies.) I know of one such physician, her name is Sarah Green, a local heroine — who was informed she would be fired if she did not take what many very knowledgeable medical professionals are calling the “clot shot” — and I've heard about good, well-respected physicians being threatened if they offered or recommended alternative treatments.

This article is a blatant attempt to change the narrative. They can't deny the enormous incentive payments they received for following the Fauci protocol, so they argue a technicality—the incentives were not tied to patients' deaths but to patients' treatments.

Well, I don't remember thinking Fauci was so stupid he would tell the hospitals, hey, kill some people, and we'll give you a bonus. If

²¹ 977.17.4-Hospital COVID payments tied to patient treatment, not deaths | AP News <https://apnews.com/article/fact-check-covid-pandemic-hospitals-medicare-157398144949>

the Fauci protocol was so effective, the best possible treatment to provide a COVID patient, why the huge government bonus to encourage them to use a specific treatment?

Why not let the doctors closest to the patients make a judgment based on their knowledge, training, and interaction with their patients instead of having this huge money motive over them?

So, for the record! I don't remember being told hospitals were receiving these bonuses for killing their patients. I remember hospitals getting 40,000 when they followed the Fauci death protocol — give them Remdisivir, and then stick them on a ventilator! It's a fact that Remdisivir is known to be associated with the side effect that produces the conditions meeting the Fauci protocol calling for the patient to be transferred to the ventilator. We know that many patients died on ventilators that we now know would very likely have survived if they had received early treatment with Hydroxychloroquine and or Ivermectin, or in some cases, the mono-clonal treatments.

The concern about interjecting financial rewards for pushing specific treatments raises ethical concerns APPLIES here. If the CNN opinion author of the CNN opinion piece titled “These bonuses for doctors create an immoral conflict” establishes the legitimacy of questioning the bonuses tied to RVUs — isn't it OBVIOUS this concern should be raised when providing so huge a financial incentive for using a specific treatment instead of letting the doctor decide, and letting the hospitals concentrate on serving their patients instead of being subverted by the “financial incentive”? It's obvious, isn't it?

Now, they are increasing the incentive to give the mRNA shot to everyone, including children, who don't need it! Where the cost-benefit is not in favor of getting the shot.

Here is a doctor who testifies it's not long COVID; it's long VAX!²² He is an expert in treating long COVID survivors. He sees

²² <https://twitter.com/VigilantFox/status/1768051767089021034?s=20>

about 1200 patients, and he tells us 70% of his patients suffering the symptoms associated with LONG COVID did not have those symptoms until after they received the vaccine. There is this “constant burying of the role of the vaccine in what’s befallen society.” Hundreds of medical professionals are upset about this, and their voices have been buried. Now, they are beginning to get their message to the American people.

I’m not going to get to the alien invasion, so I’ll address that, the LORD willing, Saturday night during Brain Massage® LIVE. I spoke about the disturbing increase in black-on-white crime in my Thursday night episode of Brain Massage® LIVE, and I want you to listen to that show—I wanted to present it to my wider radio/podcast audience, but I don’t have time. I’ll say this much, though: don’t be fooled. Don’t bite the race bait!²³ I’ve got links here to about six videos showing brutal, deeply troubling behavior from some very evil, almost certainly demonically controlled people — that does not excuse them, by the way — they are listening to and believing wicked lies that justify their evil deeds — but the categories are not black and white, it’s good versus evil, it’s wickedness versus righteousness, it’s right versus wrong. It’s not about the color of anyone’s skin; it’s about the content of their character — PERIOD!

Those wanting to destroy America want us to hate each other, and they want us divided over race color instead of over right and wrong! They want us to judge others in groups and not take one another as individuals! It’s an evil and unChristian thing to do.

I’ll conclude by speaking to the issue of Christian Nationalism.

²³ <https://twitter.com/iamesyouareno/status/1762812118972117391?s=20> <https://twitter.com/RadioGenoa/status/1768179974756868568?s=20> <https://twitter.com/stillgray/status/1765417884854157373/video/1> <https://twitter.com/stillgray/status/1765739160802099226?s=20> <https://twitter.com/OzraeliAvi/status/1764592313404453300?s=20> <https://twitter.com/twiznizzlenore/status/1764900199116251327>

It's a device intended to divide us into categories again. The wicked rulers of this country want us to look suspiciously at anyone who supports the MAGA movement, and particularly anyone who supports Trump. That's because Trump represents traditional American ideals like GOD AND COUNTRY PATRIOTISM, providing for your OWN first, ESPECIALLY THOSE OF YOUR OWN HOUSE OR COUNTRY — that's what the BIBLE SAYS! God defined the borders of His people and jealously provided for protecting those borders and maintaining the “ancient landmarks.” God gives us inalienable rights, not government. We believe in innocent until proven guilty — all these things arise from our Christian culture and heritage — none of this comes from secularism or humanism — the reason we call America a Christian nation is because it was founded on biblical principles and precepts, biblical values shaped our laws and customs, and so long as we lived within those guidelines, we prospered. Still, as far as we have departed from them, we have come to misery and near ruin.

It's obvious to anyone trying to feed their family today who depends on working for a living that the system in place right now is oppressive and ruinous. The Christians must rise and take this nation OUT OF THE HANDS OF THE WICKED and return it to the hands of the RIGHTEOUS. I believe in Christian Nationalism if it's a movement to restore the influence of Christian ideals, precepts, and principles on our culture, politics, manners, and customs.
