THE EPSTEIN-BONDI BOMB IS TICKING / QUESTIONS FOR KASH!

Original Air Date: 05.10.25

Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in Santa Maria, CA, and your brain masseur. Get ready for your brain massage.

Trump declares June Veteran's Month — will not declare it to be LGBTQ month! The fog of delusion is lifting. Ideologies, like castles made of sand, go out to sea, eventually.

The Epstein Bondi time bomb?<sup>1</sup> We are supposed to be “draining” this swamp, not damming it up! The “swamp” has a lot of rotting corpses in it and it's beginning to stink! A recent statement from Bondi makes it sound like the tapes only expose Epstein with minors—hmmmm! We saw the P. Diddy list of partygoers! Are you taking names on those that Epstein filmed with minors, any pics — you are telling me the people involved in hiding these tapes from you were protecting EPSTEIN — the dead guy.

Kash goes “fire for effect” on Madeliene when she strikes at him with her forked serpentine tongue — she missed, Kash scored! But when Kennedy asks if Epstein killed himself, Kash says, “Senator, I believe he hung himself in a cell in the Metropolitan Detention Center.”<sup>2</sup> And it was all, next question. No follow up?

Trump's new pick for Surgeon General raises Loomer's eyebrows!

White Smoke, let's eat! Haha! Rome got a Pope. Who is Robert Prevost? I mean, besides the first American Pope!

Let's check in on Ukraine, Russia, China, Canada, and France. Oh, and UK finalized a trade deal with US.

How does one sue the Supreme Court of the United States? Intriguing. Any precedent to that?

Something must be done — Roberts declares the Judiciary as Co-equal but clearly he vainly supposes he is more equal than the others because in his perversity warped mind his court presides over the actions of the Legislature and the Executive. Yeah! More on that coming up.

Okay, folks, it's time for your brain massage®:

[TRUTH]

The Epstein Bondi time bomb?<sup>3</sup> We are supposed to be “draining” this swamp, not damming it up! The “swamp” has a lot of rotting corpses in it and it's beginning to stink!

In a recent statement from Bondi describing the 10s of thousands of videos in the Epstein files she only mentions Epstein being depicted with minors, children is what she said, actually, and child pornography—hmmmm!<sup>4</sup>

Granted, that's a lot, but if you are telling me the only person implicated in these videos is a dead guy, you need to explain to me why the FBI's swamp hero James Dennehy withheld these 10s of thousands of Epstein files including these videos of Epstein and children and child porn — he was protecting Epstein! The dead

guy? Who knew — we have suspected Epstein was an “insider” — we thought more like CIA, but, back then, it was all the same thing, right? Anyway, come on! RELEASE THE CLIENT LIST!

We saw the P. Diddy list of partygoers! But we can't see the Epstein client list!

So, are you suggesting there are no videos of Clinton with children or minors? We already know he was a client! But he has not been arrested? Is that because there is no evidence to support charges? Hmmm. Wonder what happened. Do you have any surveillance footage showing Hillary entering the New York FBI office with a hammer? While Dennehy was holding the files, did they have a video demolition pizza party? This is not a good look, team!

What I'm listening for is something to the effect that *we are examining the videos to protect victims and to match the videos to names on Epstein's client list. Work is being done right now, to prepare charges against anyone abusing children or participating in statutory rape. We are asking for your patience, and your prayers, as we do this important work. Justice is coming!*

What I'm getting is not passing the Barbara Streisand test. (We miss Rush.) Apparently, the FBI staff is overwhelmed with the sheer volume of “evidence” — and it's taking them so long because they have to, what, blur the faces of victims?

Excuse me. But, really, you've got to be kidding me! They run hundreds of thousands of faces through face recognition software every day. Actually, I'm guessing it's more like every hour of every day.

Maybe you need some help. Use face recognition AI and run blocks of material, say, 50 or 100 videos at a time, through it to find videos matching persons on Epstein's client list. You do have the client list, right. I mean, we have heard about it, it's impossible to imagine he

and Ghislane ran that operation without one, but we've not seen it yet! I wonder why?

Cull those out first. You can even program the AI engine to blur all faces except the perps. Then have your teams focus on those — go after one perp at a time, assign separate teams to each perp — break it down and get it done.

Talk to some of your DOGE geniuses about how to tackle this.

Prince Andrews has been accused. Is there any video evidence to implicate him? I understand it's well known that Stephen King and Kevin Spacey have threatened to leave the US if the Epstein client list is revealed!<sup>5</sup> Did you catch that X file posted by MelGibsonNews? It's fake! I mean, the post is there, but the news is fake. And there is no evidence the Xer is associated with Mel Gibson. If these guys told Mel Gibson that, Mr. Gibson has not made any public statement to that effect. So, here is an official list of celebrities who have threatened to leave.<sup>6</sup> None of these names are known to appear on the infamous Epstein Client List. That does not mean they don't it only means none are known to be on the list — but Pam knows, right? She has the list, so; and Kash knows, surely, he has the list, right? Here are some names that have appeared in court records of proceedings against Epstein<sup>7</sup>: Bill Clinton, Prince Andrews, former New Mexico Governor, Bill Richardson, and two against whom no wrongdoing was alleged: Michael Jackson and Trump.

And there is some weird fertilizer mix in these court records. One example has to do with Prince Andrews: Witness Johanna Sjoberg

testified, under oath, that Ghislane told her to accompany her upstairs. She said, “We went into a closet and pulled out the puppet, the caricature of Prince Andrew.” The examining Attorney asked, “And did — what did the puppet look like?” The witness responded: “It looked like him ... And they decided to take a picture with it, in which Virginia and Andrew sat on a couch. They put the puppet on Virginia’s lap, and I sat on Andrew’s lap, and they put the puppet’s hand on Virginia’s breast, and Andrew put his hand on my breast, and they took a photo.”<sup>8</sup>

But, we’re going to hang it all on a dead guy!

Probably the most suspicious thing about this, I mean beside the fact that it really is difficult to hang yourself in a jail cell with a bed sheet (there is no question the bed sheet was used, but to strangle one’s self is just not going to happen, and to tie it to your neck and a bunk and, what, leap from the top bunk, is very awkward and, frankly, not likely to work—but someone winding up a bed sheet and wrapping it around his neck and strangling him makes perfect sense—so what happened from the time his attorneys met with him, and left him feeling upbeat, or, as they put it, “in good spirits” anticipating his defense in court, yeah, weird, huh?)—and we are left with the mysterious lack of useable surveillance video. “Footage from one camera was corrupted, and another camera’s footage was unusable.” This is even worse than the camera-black-out scenario. So — well, maybe Hillary’s hammers got to it! If you know what I mean! Here is a link to a complete breakdown on the mysterious suicide of Jeffery Epstein.<sup>9</sup>

The only evidence supporting suicide is the absence of any defensive wounds. Two strong and experienced hit men could

handle that in any number of ways, including compelling Epstein's surrender and cooperation. The fact is, Epstein was in a position to make life very difficult for some very powerful people—he was aware of this, and “reportedly expressed fear for his safety and discomfort at MCC but denied suicidal intent during evaluations.”<sup>10</sup>

Sort of like, for the record, I'm not suicidal?

Look, this is mess. You have a client list, by your own statements. This has been asserted repeatedly, so I don't think it's one of those deals where Bondi was told, here is Epstein's client list only to find out it's a flight log. A client list tells me these are people he and Ghislane serviced, you know, with their product, little girls to sit on laps while being fondled by perverted men. The stuff you have in the 10s of thousands of videos of Epstein and children, and child porn—what you depicted as obscene and and evil — the sort of thing that One who died on the cross you wear represented around. you neck — and surely you know that Jesus said these who offend the children should have a millstone tethered to theres — so you have a dilemma.

Are you saying none of the suspected perps are captured in the videos, people like Clinton, Prince Andrews, the former Governor of New Mexico, names which have come up as perpetrators in lawsuits against Epstein in the past — and yet these were never followed up on with investigations? Isn't that strange! They never became the subject of a lawsuit? Why? They were never subpoenaed to testify! Why?

If there is evidence in these videos, why are these perpetrators of child abuse, and statutory rape still free—will there be a list of victims appended to their “credit” while we continue sifting through the porn stash?

I'm just not buying that you can't identify perpetrators in the videos and have them arrested on that evidence on probable cause for allegations of child abuse while you move forward building your case.

Focusing it all on Epstein is not going to work!

Bondi tells us the FBI is tasked with reviewing the tapes, so, that puts it in Kash's corner!

When Senator Kennedy asked Kash if Epstein killed himself, Kash says, "Senator, I believe he hung himself in a cell in the Metropolitan Detention Center."<sup>11</sup> And it was all, next question. No follow up?

No follow up like have you investigated this and answered all the questions that raised suspicions that he was offed or instructed to off himself, or was it "assisted suicide"? — You know, with a little help from some very powerful people. The people Epstein worried might want him dead. You do understand that the ONLY PEOPLE IN THIS WORLD WHO WOULD WANT EPSTEIN DEAD AT THIS POINT WOULD BE THOSE WHOSE NAMES ARE IN HIS CLIENT LIST.

[INSERT TICKING BOMB SOUND]

I fear this Epstein thing is a ticking time bomb!]

I'll have to take a break and get back to Kash on the other side.

But, before I go, you would be mistaken if you think I'm accusing Bondi or Kash! I think there have been some missteps along the way and I don't believe we are being told everything! I am sure they are under enormous pressure to act and are resisting pressure to act prematurely. I think they are discovering the swamp is deeper than expected, that the roots of the swamp extend into many other countries and are intertwined with International networks of massive

Trump's new pick for Surgeon General raises Loomer's eyebrows!

Casey Means<sup>12</sup> replaces Janette Nesheiwat, for nominee as Surgeon General. Fox News medical contributor Nesheiwat, who Loomer called a “pro-COVID vaccine [... nepo ...] appointee who is currently embroiled in a medical malpractice case and who didn't go to medical school in the US”<sup>13</sup> was withdrawn from being the nominee and replaced with Casey Means. Well, Loomer does not like Means any better.

When I first read this X post, I did not catch the clarification that the statement, “Casey Means, the new Trump appointed US Surgeon General wrote a pro-trans children's book.” The way these are formatted, this was separated from “The father of @Casey MeansMD Casey Means, the new Trump ... etc. Anyway, Loomer's reputation for accuracy is saved.

Means father wrote a weird book title “The Adventures of Felix the Flamingo.”<sup>14</sup> It's about a flamingo — lately become a symbol of “gay

pride”<sup>15</sup> — which flamingo finds himself lost in gender confusion until he meets the “quirky Gaylebird” — right, very subtle — and Gaylebird guides him on a “journey to a fulfilling life” — I’ve not read the book written for children but I can guess from the title, and the gist that it affirms transing trends. Loomer says she is told “Casey is very close with her father.”

I understand Trump’s pick was responsive to RFK’s input on this choice. Hmmm. It’s totally in keeping with Trump’s leadership style to defer to those he has put in charge of a department giving them significant input into hiring the people that answer to them.

So, it’s one of those time-will-tell situations. I do understand that Casey is far more in alignment with RFK’s position on vaccines than Trump’s openly COVID vax supporting first pick. Casey seems to have stronger MAHA credentials than Nesheiwat, and would strengthen rather than weaken RFK’s agenda. She would, I think, more enthusiastically support RFK’s health policies.

But you do have to ask, or, I do have to ask with Loomer, WHO IS VETTING THESE NOMINEES? Maybe Trump wants a kind of mixed message on the queer thing so he can say, no, we are not going to let 3% of the population that go in for this unnatural lifestyle promote transing ideology on the government dime or with the government power of coercion — on the other hand, we are not going to gin up anti-homosexual animosity and anger, or allow us to dismiss people from public service solely on a sexual preference category.

I think the problem is deeper than this, but I get the idea this is how Trump views the issue. He seems to differentiate between the radical LGBTQ agenda to homo-sexualize the culture or allowing the government to be coopted as a tool to promote that agenda —

from what he considers to be the personal choices of individuals regarding their sexual proclivities.

But here is the problem! We object to the distortion, or degradation of truth — separating it from objective reality and making it malleable. Truth, to have any meaning, must correspond to reality, and reality is conformity to nature at a minimum, and to nature's GOD, the CREATOR, as ideal. Any reasonable mind can see that homosexuality is a rejection of nature, and any biblically instructed mind knows it is a rejection of the Creator's LAW. The behavior defies the laws of nature, which are GOD's laws, and the revealed LAW of GOD in Scripture. The consequences of embracing this particular rejection of nature results in the breaking down of the bands and cords of Christ that hold family, and society together under the RULE OF GOD.

God is the head of Christ, Christ the head of Man, and Man the head of Woman — the woman as made for the man and the man for the woman — this is attested in nature and so in Romans 1, same sex attraction is clearly stated to be AGAINST NATURE.

This stage in societal degradation precipitates the unraveling of law and order into chaos — that's what the Bible shows us in Romans 1:17-32.

I don't approve of encouraging the behavior explicitly or implicitly.

Okay, I need to move toward a wrap. White Smoke, let's eat! Haha! Rome got a Pope. Who is Robert Prevost? I mean, besides the first American Pope! I'll address that Sunday night during my Issachar Report.

Stephen Miller, a member of Trump's team in his first term, and continuing in his second — founder of America First Legal, who sued Arizona's governor Kattie Hobbs over election fraud, refusing to apply an equal standard for all ballots in Arizona—now

requiring documented proof of citizenship for all ballots in that state — has now trained his sites on the Robert's court.

How does one sue the Supreme Court of the United States? Intriguing. Any precedent to that?

Something must be done because Roberts has gone off the rails. He declares the Judiciary is Co-equal branch with the Legislative and Executive, but asserts the Supreme Court is actually more equal because in his perversely warped mind he claims his court presides over the actions of the Legislature and the Executive.

This man is a menace because we all know he knows the history of this issue — that Madison, et al, assigned to the court a restriction to rule in conformity with the Constitution — which means it is necessary for the court to UPHOLD ALL THE RIGHTS ASSIGNED TO THE LEGISLATURE AND ALL THE RIGHTS AND POWERS ASSIGNED TO THE EXECUTIVE — PERIOD!

That's it, folks! The only “standard” by which the court rules on anything is the CONSTITUTION and the CONSTITUTION does not give the court the right to referee the LEGISLATIVE, but rather to affirm the power of laws passed by it, and it is not given power to usurp the role of the Executive, but rather is obliged to protect the CONSTITUTIONAL POWERS GIVEN TO IT.

The Legislature needs to act with its power and impeach these rogue judges — those of the lower courts, simply withdraw their funding. FIRE THEM! The Supreme Court needs to be brought before the Senate and tried for treason against the Constitution, and it must be a public trial and a public debate for ultimately it is WE THE PEOPLE through our representatives that need to correct this nonsense.

So, let the debate begin!
