THE MANDATE TO DEPORT THE ILLEGALS / BIDEN'S PEDOPROGROM EXPOSED AND ENDED / WHAT IS GOING ON WITH EPSTEIN-GATE?

Original Air Date: 05.30.25

Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in Santa Maria, CA, and your brain masseur. Get ready for your brain massage.

The negotiated settlement on the number of Biden-illegals is 20 million. We want 20 million to be deported yesterday. Okay, we'll settle for tomorrow. Haha. There is no statute of limitations on the crime of entering this country illegally.

The Devil hates the biblical principle of the consent of the governed.

The Biden-Harris Pedoprogram is exposed.

Conservatives, or CON-servatives? Why some GOPers don't like the Big Beautiful Bill, and why we should!

Newsom's latest effort to keep CA schools the most effective dumbing down institutions of learning in America, and the world.

Judicial tyranny: How the decision in *Mississippi v. Johnson*, 1867, cries FOUL against these lower courts interfering with Trump's Tariffs.¹

It's time for your brain massage®:

[TRUTH]

There is no statute of limitations on the crime of entering this country illegally.

Be careful with this learning from the enemy thing—it seems more and more like our team is adopting some of the “clever” devices of our enemies, like the near universal echo of talking points strategy. It seems everybody on our side is careful to emphasize the word “violent offenders” when talking about deportation. It's a way of maintaining the sympathetic support of people who are emotionally incapable of exercising the clear-headed judgment of truth and peace that is necessary to restore a proper sense of justice in this country. Here's what I mean. We know that some people, usually on the Left, find it difficult to execute judgment. Some of these people are so paralyzed by the false doctrines of grace and mercy that have been preached ad nauseam from liberal pulpits, and even some Happy Face conservative churches, till you hear people say dumb stuff like, you are supposed to forgive and have mercy on the man who raped your, let's say, underaged daughter. They think they are being “like Jesus.” Well, Jesus says they would be better off cast into the sea with a millstone tethered to their necks.

¹ The Full Text of the decision can be found at <https://tile.loc.gov/storage-services/service/l/usrep/usrep071/usrep071475/usrep071475.pdf> I have a free PDF copy available to all who support this show. Johnson, President, The, 71 U.S. (4 Wall.) 475 (1867)_.pdf <https://tile.loc.gov/storage-services/service/l/usrep/usrep071/usrep071475/usrep071475.pdf>

Anyway, I can hear you! Yeah, tethering a pedo to a millstone is one thing, but we are talking about arresting mothers, and fathers who were here illegally and sending them back to their native country. Right, and we are not advocating that these illegals be tethered to a millstone and cast into the sea. We are deporting them because they violated our immigration laws. I think the punishment should fit the crime. They cross our border illegally, and we send them back.

My point is that when, to justify mass deportations, we avoid talking about those here illegally who have not been violent, we inadvertently send the message that those here who are not violent offenders are somehow legitimate.

We need to make the case repeatedly, like we were doing at first, that anyone here illegally needs to be returned to where they legally belong. PERIOD! The “mercy” is that they have been told to leave voluntarily — they have been extended a “space to repent,” so to speak. They can leave! If they refuse that gracious and merciful offer, they will be arrested, detained, and shipped back to where they belong. It’s. simple! “Get back, get back, get back to where you once belonged.” (Hehe. Right, I don’t think Paul was thinking about illegal entry back then.) But that is our message: GET BACK TO WHERE YOU CAME FROM.

Look, I understand the whole “violent illegals” categorization for priority targeting, but the fact is, everyone who is here illegally has committed a crime of “violence.” I’m not saying that the violent breaching of our borders is equivalent to the violent raping of our children. That’s why, by the way, that I believe those convicted of heinous crimes, like rape, murder, or sexual assault, with enhanced penalties when it involves children—I say these fiends should be sent to El Salvador, if they’ll take them, or executed by electrocution or, okay, fine, death by injection. These sorts of people have forfeited their lives and should be killed for these crimes. PERIOD. No way they get food, shelter, and health care for the rest

of their vile lives — they get half an hour to make their peace with GOD, and then KAPUT! (*être capot*) If you know what I mean!

So, in what way are they “violent”? The word comes to us from Latin and French. The word has never been restricted to acts of physical battery. For example, the Latins and the French used it to speak of acts of aggression or violation. In Latin it included the sense of “*violence* as transgression.”² It often “implied breaking boundaries, whether physical, moral, or legal.” [IBID] And in the case of those who illegally breached our borders, they qualify under each: breaking physical boundaries, moral boundaries, and legal boundaries. How many times have we heard about illegals coming across the border in Texas and assaulting families in their homes? The word *violate* is a close cousin, from the same Latin family *violare*, and is used for “breaking rules, laws, or personal boundaries.” [IBID.]

Illegal crossers have taken by force what is not theirs to take. If a thief breaks into my house and takes what belongs to me and my family, whether they do it in a friendly way is not the issue. They must give up what they took and face the consequences for their theft. In this case, we are gracious — they have violated our laws to take the privileges of citizenship: jobs, government services, including medical benefits, and so forth. Things that are ours, and they take them from us. They steal from “our house.”

We will be very nice about this. LEAVE! Hey, CA Democrats, what is it about legal entry that you don’t like? Is it the fact that legal entry makes Republican voters? You know, the kind that respect law and order. —

CA Democrats’ recent Bill allows illegals to participate in counting voter ballots (see video link below).

The Devil hates the biblical principle of the consent of the governed. The Dominion voting system used in Georgia removed 74% of votes from the real winner of the Georgia District 2 Commission Primary. And we are not talking about 2020, we're talking about 2024. The Dominion machine declared the WRONG winner. Georgia's Rat-senperger's explanation of how his beloved Dominion machines got it wrong reads like your typical Wile E. Coyote ACME smoke screen — with blah, blah, blather and never actually explaining how the machine deducted 74% of one candidate's votes. But you look at it, and tell me what you think.³ Here's the point, though. In his effort to assure Georgia voters that everything is okay, he explains that hand-counting paper ballots saved the election. Think about that!

Here is a “longtime” Chinese restaurant owner in Maine, who has been here over 20 years.⁴ He was recently detained by ICE, and the family fears he could be deported. What is your judgment? — Well,

there is no statute of limitations on illegal entry into the US. Many CCP spies have infiltrated, and they use a variety of “covers” for their espionage. (Here is an ex CIA officer that talks about the key role eateries play in spycraft).⁵ Length of time in the country is not a legal criterion for citizenship. His family can go with him back to China, if that’s what he wishes. He can choose to immigrate to the country of his choice, provided he does so legally — at the bottom line, it took a while, but be sure “your sin will find you out.”⁶

Speaking of twenty years of service as a defense, how about 20 years of opportunity to make it right — if he came seeking asylum, why didn’t he seek asylum? Why didn’t he report to immigration and ask for asylum? The fact is, he is from China and is “out of status.”⁷ This means he has overstayed or otherwise violated the terms of their visa. So, this guy had a visa at one point? He had recently lost an appeal to stay in the US legally.

Here is another case, and when you watch it, it’s a message:⁸ — a lady here illegally is legally arrested in front of her child. She ignored our border laws, and now she must deal with our border enforcement laws. She is taken into custody by ICE officers in public! Another ICE officer stands with the child — the kid will be taken home to her father, or other family members. So, what’s the message?

Pack your bags and go! We are done with being ignored by you! And by “you,” I mean those here illegally. You knew you violated our laws, you knew you could surrender yourself, and you even knew we would buy your return flight. You express concern about your family, but you exposed your family to all this heartache by flaunting our laws—this is a terrible thing you have done to your daughter.

Tea is known to have bioactive compounds that benefit our health. It is rich in polyphenols, which act as antioxidants. According to the *Journal of Nutritional Biochemistry* (2015), these antioxidants may protect cells from DNA damage. Andrew’s blend is special. It’s called “Cellular Tea.” His special blend was put together in collaboration with medical doctors, NASA scientists, and PhD herbalists. Illegal immigration seems to be our focus today. The Biden-illegal Pedoprogram, (government institutionalized violence against

children) is beginning to be dragged into the disinfecting LIGHT of public exposure: whistleblowers are coming forward. Deborah White, HHS employee during the Biden Administration, testified that 329 children had been sent to the same address. What? Yeah!

She was asked who else knew about that. Her answer is a gut punch: “The entire executive leadership at Biden’s Health and Human Services knew about it—as well as the office of Inspector General and the HSI” (Homeland Security Investigations). In a followup question, Senator Langford asked if this continued after she alerted the leadership that 100, 200, 300 children had been sent to the SAME ADDRESS, and White stated “Yes, Senator, I think that before I left the site that that number may have been up to 500 plus.”¹¹ RealRobert on X asks my questions, only I’ll rephrase a bit. Where was the FBI? Where was the DOJ? Where was the DHS? And I’ll join him in the last two questions: WHERE ARE THE ARRESTS? WHERE ARE THE DEATH PENALTIES?

The Biden-Harris Pedoprogram “ignored or dismissed more than 65,000 reports regarding [missing] migrant children, including 7,300+ reports of human trafficking.”¹² The most disturbing question we are left with from the Biden Pedoprogram years is this: WHERE ARE THE MISSING CHILDREN?

Right here, this is the hill to die on! Biden has played his hand well and virtually shielded himself from prosecution for his dereliction of duty — but those who “handled him” have NO IMMUNITY! Biden should be tried as a way of getting to the fiends behind the autopen, all that perpetrated these crimes using him as “cover,” — they must be brought to justice.

Okay, let's talk about that Big, Beautiful, Bill. There are Conservatives, and then there are or CON-servatives? I call them GOPers as a play on gophers that feed themselves off the grass roots, killing the lawn. These fake conservatives are killing the grass by feeding themselves off the roots.

How do these rats get into political office relatively poor, or at least bouncing around middle class, and come out millionaires? Would you like to ask one of the most honest politicians America has had, I don't mean Trump, although he has been the most honest ever in my memory, and I think he has said something similar, or quoted Harry Truman: "Show me a man that gets rich by being a politician, and I'll show you a crook."¹³ Let me name some for you. Obama's net worth increased by 5,300% from where he was when he became President, and what he took with him when he departed: from a net worth of 1.3 million to a net worth of 70 million. Joe started at 2 million and left with 10 million. But these guys are pikers compared to Bill — he went in at 1.3 and come out at 120 million.¹⁴ Pelosi's net worth is estimated to be 230 million.¹⁵ Her magic in the stock market is well known—some watch and follow her trades. There's a website dedicated to this. Might as well get in on the inside trading game, right? They're all con artists who should be Cons! Measure them for jumpsuits. And keep the cameras on them, this time! What do you say Kash? Maybe we can keep the cameras on.

a contortionist manual nearby the body — I'm sure it's possible, but sure would be nice if we had CAMERA FOOTAGE OF HIM OFFING HIMSELF — and answers to the question why he was not under 24-7 surveillance, he was, you know, sort of a HIGH VALUE PRISONER who carried in his cranium some very incriminating information against some very powerful people —

And now we are going to get some “cleaned up” video that HAPPENED to skip the part where the guy kills himself—so, I'm kind of interested in how he managed that. What do you say, Bongino, love you man, but, this is getting very uncomfortable. How did he kill himself? Is that a reasonable question? Nobody asks that, not Maria Bartiloma, or during the FOX interview you had recently on FOX and Friends. Look, is the guy even dead? What are you trying to pull? Fake his death in return for the map of where all the bodies are buried? I heard you, Bongino, say there was no excuse for the FBI not releasing the client list, I don't remember offhand if you also demanded proof he killed himself, but, hey, now you guys are in there, and now you are playing the same game?

What. Is. Going. On?

Megyn sent out a cryptic message back in January of 2024.¹⁶ She couldn't tell us how she knew, but she could tell us we would hear a lot about Jeffrey Epstein soon, and then, “we might even hear from him directly.” Now, this was back in Jan. 2024.¹⁷ In this latest show, which addresses the Epstein questions, she did not restate these messages.

I've been asking, along with many others, Why do Kash and Bongino sound evasive when answering questions about Epstein?

And I'm wondering why none of these interviewers ask what to me is an obvious question: how did Epstein kill himself? Well, actually, Glen Greenwald did ask why they don't show us the proof that he committed suicide. Show us what convinced you, Dan, show us what convinced you, Kash.

Earlier in all this we were told Epstein was a CIA asset. Have you got yourself trapped into protecting a person Bondi has said is seen on video sexually abusing children — WHAT. IS. GOING. ON?

Take a look for yourself.¹⁸ ¹⁹ Especially the Bartiloma interview, see it here.²⁰ Bret Baier, see it here.²¹ Megyn Kelly, yesterday (May 29, 2025), interviewing Glen Greenwald (Pulitzer Prize winning Journalist—I think he won that before a court ordered the New York Times, and Washington Post to return their Pulitzer Prize for their fake news coverage of the Russia Gate Hoax²² when Pulitzer still had credibility.) Anyway, Megyn and Glen are asking the right questions.²³ I'm waiting for the answers!

Why some GOPers don't like the Big Beautiful Bill. I explained this on Thursday evening's Brain Massage® LIVE podcast, find it on Rumble, or X, or Facebook, I think it's on LinkedIn. I am running out of time and need to discuss a few more things.

Harvard exposed in Cadaver Trafficking scandal, and Obama's FDA caught running fetal organ chop shop operations. Laura Loomer exposes the cadaver capper²⁴ — former Medical School morgue manager has pleaded guilty to charges related to selling brains, skin, and other organs on the black market.

Tom Fitton FOIA forced the release of records showing Obama's FDA was "running a Fetal Organ Chop Shop."²⁵ Fitton testified their customers demanded the organs were "fresh, never frozen." [IBID]. He even received a "fees list." The Obama era is over, and now all the horror of their evil must be unpacked and justice must be served and the only way that can happen, is if JUDGMENT is meted out against these criminals.

Like Fauci, for example: Liz Churchill is calling for the ARREST of Dr. Fauci.²⁶ Listen to RFK's testimony revealing what Fauci was doing with some of Biden's "lost children." The most evil man in history, Antony Fauci, was placing children in foster homes under his direction, and the owners became sickened when they realized what was being done to these children. They were torturing these children with medical experiments. Yeah! Same guy playing with genetically modified virus creating COVID-19 and used that pandemic to sell his deadly experimental cure for HIV, called Remdesivir, was using children in foster care for medical experiments. RFK has videos of these children that he says, "I promise you, you cannot look at these [videos] without weeping."²⁷

Okay, I need to conclude with an update on the rise of Judicial tyranny in America. White House Slams 'Unelected Judges' After Court Blocks Trump Tariffs.²⁸ Happily, Bondi got right on this, appealed, and "Trump wins temporary reprieve as he fights against court block on tariffs."²⁹ These idiot judges are meddling in political matters that are connected with our entire foreign relations platform. The SCOTUS decision in *Mississippi v. Johnson*, 1867, cries FOUL against this evil abuse of power on the part of our lower courts.³⁰ Why doesn't Robert's SCOTUS step into this?

The 1867 SCOTUS ruling was clear: "We are fully satisfied that this court has no jurisdiction of a bill to enjoin the President in the performance of his official duties."³¹ The court refused to allow the bill to be filed, which underscores the Court's contempt and utter rejection of the DEMOCRAT PARTY's effort to use the Court to encroach upon the Executive Branch — yeah, those DEMOCRAT KKK loving slavers did not like Lincoln's Reconstruction Acts. tried to argue that they were unconstitutional. The Court held that the actions of President Andrew Johnson were in conformity with laws duly passed by the Congress, and that he therefore was acting within his discretionary executive powers, “not subject to judicial restraint.”³² Chief Justice Marshall would likely call this action, this behavior of the District Courts, “an absurd and excessive extravagance.”³³

The offending Courts are undermining the Constitution by their absurd and excessive extravagance.” Encroachment of District Courts into the Executive Powers violates the PEOPLE’S RIGHT OF CONSENT —we did not vote these judges to take over the Executive Branch, we gave that job President Trump.

Senator Grassley, Judiciary Committee Chairman, has introduced a Bill to “Rein in the Lower Courts.”³⁴ Courts are limited to adjudicating specific cases; they don’t create Law. Grassley pointed out that some District Courts “have repeatedly chosen not only to decide the cases before them, but also to issue orders derailing executive policy nationwide.”³⁵ Historically speaking, this is a relatively new development in the courts, and it’s past time to stop it.³⁶
