Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in Santa Maria, CA, and your brain masseur. Get ready for your brain massage.

I wrote a book titled GOD'S WAR! Somewhat provocative! But the subtitle is what raises the hackles on your back: "Why Christians Should Rule the World." And do you want to know who gets their hackles standing straight up? The Christians. And the Antichristians. The book is beginning to garner some interest, and I want to explain the subtitle. The Christian hackled hecklers totally misunderstand it, and the Antichristian hackled hecklers understand it perfectly—but they attempt to distort the meaning. This will be fun!

Bureaucrats now acting as unelected Legislators: Elizabeth MacDonough is the Senate Parliamentarian — a position appointed by the Senate Majority Leader. The Parliamentarian rules on matters of procedure. She used her position to strike out a significant section of the Big Beautiful Bill, incidentally, the parts that would prevent illegal aliens from getting Medicaid benefits, and protections of our Second Amendment rights.

The SCOTUS upheld South Carolina's ban on Medicaid funds for Planned Parenthood.¹

Another big win for righteous judgment from the SCOTUS: Radical left district judges may no longer enact nationwide injunctions.

Dan Bongino, Deputy Director of the FBI announced the FBI arrested more than 825 child sex predators and 140 human traffickers. He added this public service announcement: “If you’re preying on our children, we are coming for you. It is only a matter

of time.”^{2 3 4 5}

Go get ‘em Dan!⁶

Love this pix of Bull Dog Bongino. See it in my notes.

Resolution intended to be a referendum against Trump for a war that he already ENDED.⁷

So the enemy of our Liberty gets priority over America First policy?

CALL VP VANCE AND SENATOR THUNE: Help justice along. Lady Justice is trying her best to reenter American politics, but she needs help. Read Isaiah 59:14, “judgment is turned away backward, and justice standeth afar off.” Why? Because “truth is fallen in the street,” and that’s why “equity cannot enter.” So pick up the phone, call 202.224.3121 — tell the operator you want to get a message to JD Vance and Thune: OVERRIDE THE PARLIAMENTARAIN OBSTRUCTION OF THE PEOPLE’S BUSINESS, AND INCLUDE THE SECOND AMENDMENT PROTECTIONS PROVIDED IN THE BBB.⁸ Yeah, it’s real, folks. This unelected Parliamentarian is playing LEGISLATOR and is in full support of our enemies against liberty, resisting the will of WE THE PEOPLE. It’s going to take WE THE PEOPLE rising up in force. Put your shoulder behind the BBB. Get ‘er done! Call 202.224.3121, you’ll get two options: 1. Leave a message, and 2, talk to VP staff.

Tell the operator you want to get a message to VP Vance and Senator Thune. You’ll be switched to another line and invited to press 1 or 2. Press one to leave a comment, press 2 to talk to a member of the Vice President’s staff. Neither of these options will allow you to leave your message. Press either one and you’ll be given another number to call. Let me give it to you now so I can save you some time: 202-456-1111— it’s the White House Comment line. After you connect, if it’s past 3 PM EST, that’s noon PST. You won’t even get so much as a beep-leave your message and thank you! They’ve gone home for the day, and you’ll have to call

back tomorrow, for me, that would be Saturday, and what do you bet you'll be told to call back Monday. So the other option is to go to the website, www.whitehouse.gov/contact. Use the provision on that site to leave a message. Message to me: don't call us, we'll, well, we'll maybe read your email message and, I don't know, how do I know, I didn't even get a verification that my email was received—you can contact the Brain Masseur by email and you will at least get an email that verifies your message was received.

It appears the deep state bureaucracy continues to be run by people who view themselves as our masters, and not the servants of the people. It's going to take some work, but we have the right team in place to get it done. We have met the enemy, and it's an entrenched bureaucracy that views itself as masters and not servants.

I'll have to get back to you on a report of my experience with this. Perhaps I'll have an update for Saturday night's Brain Massage® LIVE — livestream is scheduled to begin at about 7 PM.

Alligator Alcatraz is becoming a thing! It'll hold over 5,000 illegals. Very efficient. It does not require extensive security—sixty miles of swamp between the island and the nearest neighborhood takes care of it.

Thank you, Tom Fitton. I appreciate your work in pressing for the release of the Epstein documents.

They're calling Trump "Daddy" now? Really? Trump's response is beautiful, classic, and wonderfully defusing!

It's time for your Brain Massage®:

[TRUTH]

I wrote a book titled GOD'S WAR! But the subtitle is what raises the hackles of hecklers: "Why Christians Should Rule the World."

I began writing this book during the Obama administration, before Trump's first term, and published it in 2019, toward the end of his

first term. This book took nine years from conception to publication. The manuscript was my Doctoral thesis.

Why Christians Should Rule the World is explained in the text. But now we have a case study working out right in front of us. Whatever devils we might wrestle with in the “details,” the fact is America is much better off in the hands of Christians than it was in the hands of Islamist-secularist Obama, and humanist-secularist Biden-Harris. This government functions much better under the leadership that acknowledges Christ is King, and affirms its Christian roots. First argument is, pay attention, class; things are better under leaders who approach leadership from a traditional Christian ethos, and not a humanist-Christ-denying ideology.

It's better! It's not perfect. That won't come till Jesus does. But it's better. Exactly as John Jay, our first Chief Justice of the Supreme Court said, Christians should prefer Christians to rule over them. Not Muslims. Not Atheists. Not Humanists. Not people who think they are gods and grant us what rights they think we should have, but people who are UNDER GOD, and who are favorably disposed toward the faith of our Founders.

You see, when I say Christians should rule the world, it's because Christ was sent from Heaven under this policy: On Earth peace, good will toward men. In so far as we order our lives and our government under the principles of Christ as LORD, we enjoy peace. But the ragers who hate Christ and the idea of “Christian” rule will always push for war, and their policies will always foment unrest, and hatred.

There are two spirits operating in the world through men today. One is the spirit of Antichrist, the spirit of Satan, the Prince of the power of the air, the spirit that works through the children of disobedience—the lawless, the folks that reject Christ as King and refuse the principles of Christianity: all men created equal and endowed by their CREATOR with certain inalienable rights, the

principles of freedom of conscience, speech, thought, and worship. The principles of good government arise from biblical precept and principles—the principles and precepts that shaped this nation under GOD.

The principles of God hating Marxism, and man deifying socialism, always lead to tyranny—but the TRUTH will make you FREE, and where the SPIRIT OF THE LORD IS, THERE IS LIBERTY.

Christianity is the only system that respects your rights even when it does not approve of what you do with them. It's the only system that supports rule by the consent of the governed. No other system or ideology provides a foundation to support such a government as ours, which is why as the culture becomes increasingly shaped by humanism, and the spirit of antichrist, it devolves into tyranny. And every time it turns back again to her Christian roots, she moves again toward freedom and liberty.

If you have any further questions, I would be very glad to hear them and engage you on this subject. You don't have to buy my book to engage me, but it would help, because you would at least then have a correct idea of what I'm saying and we would not have to spend so much of our time trying to correct any assumptions about what I mean.

To send me your questions or comments, go to brainmassage.net and use the contact form to send me your questions. Or call 805.314.2114. You have time to leave your number and ask me to call you back, and give me a short question or statement. If you want to sit down and talk with me, great! My secretary will call you back to set up an appointment. If you want me to call you back, let me know. I'll call you back. If you have a quick comment or question, leave your message.

Okay, hopefully that will get us started in this conversation. Hold on through the break, I'll be right back.

Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor at the Lighthouse, your brain masseur, and Paul Revere's lantern lighter, lighting the lamps in the church belfry arch, signaling the enemy is on the march, an enemy that would steal from us our liberty.

Bureaucrats are now acting as unelected Legislators: Elizabeth MacDonough is the Senate Parliamentarian — a position appointed by the Senate Majority Leader. The Parliamentarian rules on matters of procedure. She used her position to strike out a significant section of the Big Beautiful Bill, incidentally, the part that would prevent illegal aliens from getting Medicaid benefits.

It's a position that serves at the pleasure of the Senate majority leader. Among other things related to parliamentary procedure, she calls balls and strikes on bills' conformity to the Senate rules. In this case, it's the Byrd Rule⁹ that requires Reconciliation Bills to be limited only to matters related to the federal budget.

Not sure what her argument is. It seems clear she is targeting the provision that does not allow illegal aliens to receive Medicaid payments. If that is the case, she may argue that legislation regarding illegal aliens is not a budgetary matter and puts that part of the Bill outside what is allowed in a Reconciliation Bill under the Byrd Rule. However, the provision that Medicaid may not be paid to illegal immigrants is a “term or condition” that directly impacts outlays and so does impact the Budget. Hmmm. We'll see where this goes.

I understand her role is “advisory” and that final decisions rest with the “presiding officer,” in this case, Senator Thune. So, maybe we should calm down a moment and let's see whether Thune will attempt to hide behind his Parliamentarian's skirt, or man up and

⁹ 1044.38.1-Understanding the Byrd Rule - EPIC for America <https://epicforamerica.org/federal-budget/understanding-the-byrd-rule/>

explain why her ruling is correct, or reject her advice on this and move the Bill forward.

I understand the VP can exercise a little-known or used prerogative to intervene here and overrule the Parliamentarian?¹⁰ As the presiding President of the Senate, the VP “could overrule a point of order raised based on the Parliamentarian’s advice” [IBID.] He can exercise this prerogative to allow a provision to remain in a Bill, or to sustain a point of order to strike something from a Bill. Any fears of “undermining the Senate’s nonpartisan procedural framework” were obliterated by Obama’s trampling of the Constitution underfoot. Senatorial Institutional norms have been the argument of Republicans against Democrats’ abuse of those norms, and the argument of Democrats only when Republicans are in power. So, effectively, that argument has lost force. Understand what this means.

First, gentlemen would be expected to agree to abide by precedent and long-respected rules of procedure. However, if this only happens when your political enemies are in power, there is a problem.

Because when the Democrats are in power, rules are routinely ignored—like dropping 1000 page bills on the desks of Republicans the night before a scheduled vote—a clear violation of gentlemanly rules of behavior. Then, when Republicans have the majority, the Democrats cry foul if they don’t play by the “rules.”

Those who have a conscience, who are sensitive to the rules of “fair play” and honorable behavior, who are susceptible to being influenced by a charge of “unfair” or ungentlemanly behavior, can be manipulated in this way. In other words, the Democrats “weaponize” the conscience of men and women sensitive to decorum and gentlemanly or ladylike behavior.

The weaponization of our conscience is a tactic advocated by Saul Alinsky in *Rules for Radicals*—one of Hillary’s heroes. Also Obama’s—Alinsky veritably wrote the Democrat political handbook.

We must wrest this devilish weapon from their hands, but do so by using the rules available to us. It must be lawful!

It’s a rule of law that the VP is the President of the Senate. It’s a rule of law that he can overrule a point of order. It’s a rule of law that the Senate can override the VP with a simple majority vote. The Republicans have a sufficient majority to withstand such a challenge. The VP, therefore, “technically” can lawfully override a “point of order,” challenge.

One fellow whose name I don’t have time to go find, but he’s a fellow X-poster, suggested...well, wait a minute, here it is, OldMike, blue check @MichaelMax4659, said, “I think this is the plan. I think Trump and Thule (We all beg patience with typos in this hurry-up journalism environment—he meant Thune) are doing this on purpose to set up JD to step in, have the Dems challenge it to the SC (he means the Supreme Court, or the SCOTUS), and rejuvenate VP powers long dormant.”¹¹

VP Richard Nixon used it in 1960 to expand the scope of debate on a civil rights bill.¹² And, by the way, Kamala Harris was encouraged to overrule this same Parliamentarian in the 2021 COVID-19 relief reconciliation Bill — then Elizabeth MacDonough advised that the \$15 minimum wage provision in that Bill be struck as violating the Byrd Rule—Kamala declined to do it because, frankly, the Biden-Kamala administration was only too happy to allow Republicans to strike that provision so they could blame them for the unpopular demagoguery of the Demoncrats.

So, be brave, Senate conservatives. Rise up against the weaponization of the government and of the conscience—be bold! Take the power the People have given you and USE IT!

The SCOTUS upheld South Carolina's ban on Medicaid funds for Planned Parenthood.¹³ The prohibition against Federal tax dollars going to Planned Parenthood has been on the books for a while. It's good that the SCOTUS recognizes the rights of States to do the same! But cockroaches scurry along the baseboards and continue their devilish business no matter what you do. We must eliminate this ridiculous notion that it's okay to murder babies in the wombs of their mothers.

I saw a meme I liked: a sonogram of a baby in its mother's womb holding an AR-15. The caption read something like, SCOTUS rules abortion is legal, but the babies must be supplied with AR-15s for self-protection. Of course, it's satirical. Right! An AR-15 won't fit in the womb.

I applaud the SCOTUS for this 9-3 ruling, and look to Congress to stop the flow of any and all US tax dollars to Planned Parenthood. END PLANNED PARENTHOOD. It was NEVER a good idea from the day it spawned in the perverse mind of that genocidal racist Margaret Sanger, one of Hillary's idols — which is 'nuff said!

Another big win for righteous judgment from the SCOTUS: Radical left district judges may no longer enact nationwide (called universal) injunctions.

Barrett was allowed to redeem herself a tad; she wrote the decision that declared the federal courts cannot usurp the Executive Branch's prerogatives to set policy governing the implementation and execution of LAWS on the BOOKS. Good for Amy! Her fellow

conservatives on the Court concurred with her opinion, and the three DEI appointments are in dissent.^{14 15}

Another SCOTUS ruling that sides with the Constitution and comports with America's traditional values: "The Supreme Court just ruled parents are allowed to opt their children out of being indoctrinated with LGBTQ+ propaganda."^{16 17} I agree with Mr. Nick Sorter; this is a huge win for religious liberty.¹⁸

It does not require extensive security—sixty miles of swamp between the island and the nearest neighborhood takes care of it. If the alligators or pythons don't get 'em, the mosquitoes will. Before too long, the illegals that have invaded this country will be sorry they did not take the \$1000 and head across the border, the way they came in. Because crossing our border illegally is not immigration, it's an invasion. Someone breaking into my house is not a visitor; he is an intruder.

Thank you, Tom Fitton. I appreciate your work in pressing for the release of the Epstein documents. Why would Judicial Watch have to sue the Trump administration to release the Epstein records? Come on! Nothing except full disclosure is going to end this! And the question is, what will full disclosure start?

Daddy Trump? If you look at the clip, come on, it was an analogy that the Secretary of NATO was playing off of. There is no Der Führer going here! But if the wicked and unreasonable antichrist left thinks they can get traction on it, they'll make it out that Trump is Hitler — Yawn! You guys on the left are really getting boring!
