### WHY THE SCOTUS HESITATES ON THE QUESTION OF TARIFFS? / THE PATH TOWARDS REOPENING!

Original Air Date: 11.08.25

Segment.01 Hello. I'm Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in Santa Maria, CA, and your brain masseur. Get ready for your brain massage.

War is not as popular as it used to be! Sudan's paramilitary agrees to humanitarian truce — remember the old slogan, "Give peace a chance!" Well, Trump is trying hard to encourage the world to "give peace a chance."

Tariffs are not popular with Sotomayor and Barrett —the new "I hate Trump" tag team on the SCOTUS. Barrett acts like a woman scorned.

U.S. District Judge John McConnell, deciding that he is the President and the Legislature, ordered that SNAP must be fully funded. Trump admin asks for emergency pause on judge's order.<sup>1</sup>

What does Mamdani's election mean? Nothing! Once, New York was the birthplace of spiritual revival. Now it cradles Marxism. For New York to vote in a Marxist should not surprise anyone, though it certainly saddens everyone with any sense.

What does Yes on Prop 50 mean? Beyond the politics, it means California has been so corrupted by Democrat rule, it no longer has a core set of values, not even liberal ones, and no conscience—my state has abandoned a once commonly shared core moral principle of fairness and honesty and surrendered these to Party Politics.

## [TOUCH AND GO:

An illegal from Columbia ran from ICE and hid in a preschool to evade arrest. ICE did not “raid a Daycare.” They followed her as she fled into the entry of a daycare facility, caught her there, and arrested her. This was done without any drama in front of kids, or in a classroom, or anything like that. The LEFT are LIARS. So, what does the LEFT do? Democrat Representative Mike Quigley, in Chicago, went online claiming ICE “snatched a preschool teacher, without a warrant, in front of kids.”<sup>2</sup> Well, here are the facts: this woman paid to be smuggled into the US with her children, she was approached by ICE, and fled. She ran into the Preschool, where, according to DHS, she was apprehended in the vestibule and arrested, and according to some parents of students attending the Rayito de Sol Spanish Immersion Early Learning Center, she was dragged out of her classroom in front of students.<sup>3</sup> The fact is, these sanctuary cities refuse to turn over to ICE these criminals, and as a consequence, they expose their communities to this. Cooperate with the legal and just law enforcement.

Meanwhile, the war against illegal drug imports continues: “US military’s 17th strike kills three on suspected drug vessel in Caribbean.”<sup>4 5</sup>

Meanwhile, in the Bronx, some of Mamdani’s crowd are in public, praying in the streets on their prayer rugs, I assume facing Mecca, and an interested American is capturing the “event” on his phone by livestream, and this Muslim bully comes up and says you can’t

take our picture, he says, sure I can, this is America, and the Muslim bully says, but you can't take "our" picture — look this is a public event, you are gathered on a public sidewalk in the open, and according to American laws, I have a right to take pictures of a public event — if you want to do this in private, take it indoors, but you are on the streets, in public, making a public spectacle, so what's the problem with me sharing your public event with, uh, the public? So this guy attacks the American citizen because "you can't take pictures of Muslims conducting a public event in Mamdani's town. Will this be Mamdani's first test? We'll see."<sup>6</sup>

Friend, with all that we know about judges approving "warrants" to search MAGA patriots and even Mar-a-Lago, here is one that refuses to issue a warrant to the DOJ to investigate radical leftist Barbara Wein, a retired university professor living in Northern Virginia, who "reportedly posted a flyer threatening and doxing White House Deputy Chief of Staff Stephen Miller."<sup>7</sup> She posted these in Miller's Arlington neighborhood, including his address, and labelled him a "Nazi." Her flyer included a message: NO NAZIS IN NOVA. It included a photo of Miller with a red circle slashed and a QR code linking to an activist Instagram account. Barbara Wein also visited the Miller's residence, and at the door, did an aggressive gesture pointing to her own eye, then pointing at Katie Miller, which, of course, is intended to intimidate with a message, "I'm watching you!"<sup>8</sup> What's good for the Democrat goose is not allowed for the Republican Gander.

Here you go! I'll show this Saturday night for Brain Massage® LIVE episode 1006 — about 7 to 8 PM. It's an AI produced representation of Lady Liberty leaving New York and heading to Florida!<sup>9</sup> Oh, and this too, the best assessment I've read on what happened with the recall effort against Newsom in 2003.<sup>10</sup> See you Saturday on Brain Massage® LIVE.

Let's complete my unusually long introduction —

The answer for all of this is a return to the House of GOD! The Bible says the Church is the House of GOD, the pillar and ground of the truth (1 Timothy 3:15). Sacramento is not the pillar and ground of the truth, Hollywood isn't, our Universities aren't, Disneyland sure isn't, our public schools certainly are not, truth does not reign in our halls of justice in this State, it's not in our courts, it's not in our legislature or in the Governor's mansion — Jesus set HIS CHURCH in the earth as the PILLAR AND GROUND OF THE TRUTH.

Before we can get our Governor's house in order, we had better get back to Christ's HOUSE — judgment begins there and He has called upon us to exercise His judgment, with His SWORD in HIS HOUSE — to, well, let's see what the BIBLE says, to “reprove, rebuke, and exhort with all longsuffering AND DOCTRINE” — 2 Timothy 4:2. Any church that tells you doctrine does not matter is admitting their contribution to the ruin of this sate.

If the “house of GOD” does not care about the TRUTH — then the truth is fallen from its pillar, into the street. Here is what the Bible says happens with the truth is cast into the street:

[TRUTH]

Tariffs are not popular with Sotomayor and Barrett —the new “I hate Trump” tag team on the SCOTUS.

Well, not so fast! There is an important legal question here and we must pray GOD will give Clarence Thomas wisdom in how to address it, because, without malice, I fear Barrett does not have the horsepower needed to see through this. The problem is on the question of whether Tariffs are taxes, and the Constitutional concern that taxes are under the purview of Congress, and whether the Congress intended use of Tariffs as Trump has used them in their passage of IEEPA — the 1977 International Emergency Economic Powers Act — which gives the President explicit power to regulate international commerce after declaring a national emergency in response to an unusual and extraordinary threat.

The path is clear here: the president has plenary power to declare an emergency of this sort, and this Act expressly grants him power to “regulate international commerce.” The SCOTUS needs to refer this to CONGRESS and make NO RULING!

I don't have any trouble understanding where Sotomayor is coming from. But Barrett? Sometimes I think Barrett behaves like a woman scorned. Maybe that's the problem, maybe not! I thought she was a brilliant legal mind who clerked under Scalia, one of the greatest jurists of our time, but when I've examined her arguments from her chair at the bench, at least those following her support for overturning Roe, it turns out she is little more than a Clerk after all!

The path forward on this case is actually clear: the COURT has no rule to make here. The Congress must resolve the question raised

by some members of the court and the matter must be handed to the proper branch of our government for addressing it — the LEGISLATURE, not the JUDICIARY.

U.S. District Judge John McConnell, deciding that he is both the Executive and the Legislature, ordered that SNAP must be fully funded. Trump admin asks for emergency pause on judge's order.<sup>11</sup>

Judges who rule politically, not legally, impeding the function of the Executive Branch and usurping the Legislature, are weaponizing the judiciary against the Constitution. This violates their oath and amounts to treason. Wow, that word, *treason*, is coming up more and more.

If the judiciary continues to be weaponized against Trump, and against conservative Patriots, the courts are pushing conservative Red States toward secession.

Satan wants to tear up this Republic with another Civil War that aims to destroy America as founded.

JUST RULE ACCORDING TO LAW!

Okay, my friends, let's take a short break.

I want to introduce Poornima Wagh, candidate for the Assembly, representing the 37th District. Poornima outlined five things needed to save this State. We've looked at two of them. Here is number four.

Here we go again. Some wicked Devil working in a child of disobedience, trying to LIE and stir up trouble among the Republicans, or some CON-servative who thinks he, or, as in this case, she, is doing Patriots a service by stirring up anger and pressure. on the Republican majority in the Senate to toe the line — or, it could be ignorance facilitated by a new habit of posting things without DATES — I get very annoyed at this new development of posting without dating the post. It causes confusion and some misreporting. I don't know the person who posted, or reposted this [zerohedge.com/political/thune](https://www.zerohedge.com/political/thune) with truncation that might have included the original posting date, alleging “Thune, ‘Willing to give Democrats all the things they want’ as Friday shutdown vote looms.”<sup>12</sup> This X post received 4,549 views. It's a lie. How many do you suppose did what I did and ran it down to verify it? Probably not very many. So, I check it out and it turns out to be bogus.

Thune is holding firm; the days of Republicans ready to cave in to socialists who use “force” and “violence” and deceitful manipulation in place of honest negotiation within the rules, are over. Thune might have been weak before, while he was a protégé of McConnell and part of the Establishment Aristo-Republicans, what Rush called the “Country-Club Republican.” But it appears he has heard the Trump call to save America and signed up for duty!

John Thune's latest remarks on the state of the Schumer shutdown are firm: no deal until the Democrats open the government.<sup>13</sup>

<sup>13</sup> 1063.16.3-Republicans set to reject Democrats' proposal to end longest shutdown in US history \_ US federal government shutdown 2025 \_ The Guardian [https://www.theguardian.com/us-news/2025/nov/07/government-shutdown-vote-latest-senate?utm\\_source=chatgpt.com](https://www.theguardian.com/us-news/2025/nov/07/government-shutdown-vote-latest-senate?utm_source=chatgpt.com)

But, Hey, Republicans, I have a question! How about you show up for WORK and support the 80 million voters who elected Trump to take care of returning our nation to common sense and law and order — is it true that you are lazy and all you want to do is draw a paycheck! I don't think so, but that's what many are beginning to think.

All you have to do is require the dirty Dems to do an honest old time Mr. Smith Goes to Washington filibuster—where they have to have someone stand at the podium on the Senate floor and read the Webster's American Dictionary of the English Language and wait them out, end the filibuster, call the vote, and be done!

I realize the rule now is to stop a filibuster you need votes for cloture and that requires 60 votes. But this only kicks in if the Leader of the Senate agrees to “set aside” the Bill in order to allow the Senate to conduct other business until the filibuster is removed. Doesn't that mean all Thune has to do is refuse to “set aside” the Bill and require a speaking filibuster? Something worth looking into.

Look, the difference, well there are many differences, but one major feature of Demoncrats is they plan and proceed on the objective to win. In the past, Republi-crats planned to lose.

In other words, the Republican strategy was always shaped around a fear and expectation of losing. For example, we can't go nuclear on the filibuster because one day they will win, and we will be stuck with what we've done here. You see it! They are PLANNING TO LOSE. The Devils don't operate that way. They don't care about anything but winning right now. I know that's short sighted, and I don't recommend going that far with this.

But right now—wait, think about WWII. It was grinding on, and on, and on — and if we did not have the courage to do what was then virtually unthinkable, and drop the NUKE on Nagasaki and Hiroshima — we would have gone on and on with hundreds of thousands of men killed in the maw of the war machines of the day.

Two bombs, far fewer casualties, at least relative to the number that would certainly have been killed otherwise, and it was over!

Sometimes it takes a NUKE!

But a better option might be to reintroduce the clean bill and when it's objected to, don't set it aside. Require them to do a talking filibuster — end the whole cloture rule — drop the nuke — take this power away from the devil dems.

This brings up another issue; stupidity always plays into the hands of the Party that survives on stupid people. God warns us about this: Proverbs 19:2 ¶ “Also, that the soul be without knowledge, it is not good; and he that hasteth with his feet sinneth.” Especially Hosea 4:6 ¶ “My people are destroyed for lack of knowledge: because thou hast rejected knowledge, I will also reject thee, that thou shalt be no priest to me: seeing thou hast forgotten the law of thy God, I will also forget thy children.”

People who are uninformed are easily duped and controlled. It's been said often that the despots like to keep their subjects ignorant because ignorant people are more easily controlled.

I know that being a Democrat or Republican does not make anyone stupid or smart. I also know that intelligence isn't measurable by Party affiliation. Although studies have shown there is, on average, a 2-5 point variance in IQ in favor of Republicans.<sup>14</sup>

However, as far as common sense goes, well-reasoned core values, and the ability to present and defend an argument with logical clarity — all you have to do is listen to any debate between a modern-day liberal and a conservative. All you have to do is listen to Biden, Kamala, AOC, Crockett, or Pelosi for, like, two minutes. You simply cannot find a parallel example on the right!

<sup>14</sup> 1063.31.2-Cognitive ability and party identity in the United States - ScienceDirect  
<https://www.sciencedirect.com/science/article/abs/pii/S0160289614001081>

When you have a Party devoted to an ideology that contradicts nature, with notions like a man can become a woman, or a biological male can be pregnant, or that Marxism works for the poor, or that you can tax a country into prosperity, and connect your Party to these notions so that Party Loyalty requires, even demands, adherence to these idiotic ideas—you have a situation where even the intelligent members of that Party are forced to accept asinine notions to protect the Party—so one must give up rationale thought and yield to Party thought you’ve got the Democrat Party of Today.

The one thing they have, though, is a leadership smart enough to know that winning only occurs when your enemy is subjugated—defeated. Rush told us this repeatedly—the left must be defeated!

It’s not the case that we have a two-party system in which both parties share a common set of values and a shared purpose. Now the Democrats are the enemies of Liberty, Freedom, and even prosperity. The two parties have become so completely polarized that there is no common ground between them. The Dems understand this, and until Trump, the Republicans have not understood this. They seemed to have resolved to failure and being the minority party—Like CA, by the way.

So many have given up faith in their principles, they’ve sold out their principles for a paycheck—for a long time, Republicans would not make the sacrifices necessary to fight this enemy to defeat them, they always tried to “work with them.”

Let’s call the Senate to the floor for a vote on a clean resolution, and require the Dems to maintain their filibuster the old-fashioned way, and read War and Peace by Tolstoy for 24 hours nonstop, till they stop. Then a vote is taken, and we end this government shutdown nonsense and get on with the business of governing.

So, since it’s obviously all about a paycheck for many Republicans and probably all the Democrats, I think Senator Kennedy’s idea to

pass a Bill that does not allow any in Congress to receive a paycheck during a government shutdown is a great idea!<sup>15</sup> He's a Republican!

Lindsey Graham introduced a constitutional amendment in October 2025 that would require Congress to forfeit their salaries during a government shutdown. That means they lose the pay without any reimbursement following the resumption of government. He wants the money to go toward paying down the national debt.<sup>16</sup> Graham is a Republican.

John Husted, Republican, Rick Scott, Republican, and Bryan Steil, Republican, join Kennedy and Graham in calling on Congress to join the other Federal employees who go without pay during a shutdown.

There are two Democrats that have proposed a similar Bill: Angie Craig, Democrat, she did it in opposition to a Republican shutdown back under Biden, and Eugene Vindman, Democrat, in March of 2025 opposing a government shutdown by either Party — so you have five Republicans calling for no pay to Congress during a shutdown, and one Democrat, with one other Democrat who will use this to stop Republicans from shutting down the government but not to stop Democrats.

Democrats triggered this shutdown — and Republicans have held their own. But these devil-Dems are willing to use the misery of even their own base, their own voters, the people that support them, like lemmings, as “leverage,” and feed themselves while they starve their own base, trusting that their base is so stupid they'll

blame the Republicans for their misery—so polls begin slipping that way, and in the past, just as soon as that would happen, Republicans would fold. But now they are showing much more backbone than before.

Beware, members of the Democrat base don't care about right and wrong, or principle, they care only about getting their handouts, and the Dem leadership, they are just like their base, they don't care about using lies and deceit and manipulation of the misery they cause to beat their constituents and their opposition into submission — those Devil-Dems go into a fight to WIN, period! Remember how we would complain that our team really didn't care about winning that much; they'd find an excuse to cave in so they could protect their paycheck.

Hang in there, team!

The Bible uses the word *shepherd* to identify the political leaders of Israel—kings, priests, prophets, all of these were referred to as *shepherds*. Listen to what GOD says to you, wicked, selfish, good-for-nothing *Shepherds* in the Congress: “Son of man, prophesy against the shepherds ..., prophesy, and say unto them, Thus saith the Lord GOD unto the shepherds; Woe be to the shepherds of Israel that do feed themselves! should not the shepherds feed the [people]?” (Ezekiel 34:2).

Make the Democrats own this shutdown! Hold firm, refuse to yield! Don't be dismayed when they bellow and fume, and keep hammering their talking points, trying to make their base blame the Republicans, depending on the ignorance of their base to believe their lies.

The old guard Republicans would see their numbers slip in the polls, which are mostly fake, manipulated by liars and thieves, but the old guard were so afraid of the media, and committed to their god is MAMMON, they would become afraid they were going to lose their paycheck, and fold.

Or they didn't really care about the principles they say they claimed to stand for anyway, at least many of them, and they would use the polls as cover so they could ease the discomfort of tensions in the House and Senate by conceding victory to the Dems, who then would wipe the floor with them. I became so sick of Republicans who didn't know how to WIN! Trump came along and he taught the Republicans how to WIN!

Okay, I need to move toward a wrap for our time together today.

What does Mamdani's election mean? Nothing! Once, New York was the birthplace of spiritual revival. Now it cradles Marxism. But did anyone think New York was ready for another Giuliani, now? No way! But after Mamdani eats the Big Apple for his lunch, I think they will be ready for a Giuliani—2.0. I think it would be cool if he rose from the ashes and resumed his place as America's Mayor.

What does Yes on Prop 50 mean? Beyond the politics, it means California has been so corrupted by Democrat rule, it no longer has a core set of values, not even liberal ones, and no conscience—my state has abandoned a once commonly shared core moral principle of fairness and honesty and surrendered these to Party Politics.

Gavin told us clearly why he wanted Prop 50 — to redraw the districts to favor Democrats. Period! FOLKS, THAT'S JUST WRONG! That's it! There was one purpose and one purpose only for Prop 50: to allow the Democrat Party in CA to manipulate the map to carve out five new seats for Democrats in 2026. This is evil! CA used to have at least some essential morality, but not anymore. The CA voter has sold out to Democrat manipulation and strengthened the stranglehold of the UniParty rule in this state.

Or is it something more sinister? Did these devils steal another election? If it is a shift in the core values of Californians, that's much worse, because it means the State has settled itself into the hands of Satan, and will use force and coercion to maintain power for their Party. This will trigger divine judgment against CA.

Get ready, Church, it begins with you! Watch out, you thieves, liars, and takers of the “kingdom by force and violence,” because when it finally reaches you, you will be destroyed without remedy.

The answer for all of this is a return to the House of GOD! The Bible says the Church is the House of GOD, the pillar and ground of the truth (1 Timothy 3:15). Sacramento is not the pillar and ground of the truth, Hollywood isn't, our Universities aren't, Disneyland sure isn't, our public schools certainly are not, truth does not reign in our halls of justice in this State, it's not in our courts, it's not in our legislature or in the Governor's mansion — Jesus set HIS CHURCH in the earth as the PILLAR AND GROUND OF THE TRUTH.
