**The “Wise Men” brought their gifts to Jesus from Persia, that is, Iran.**

The word “Magi” is Persian, and Persia is to the east of Jerusalem. It refers to priests who were “star watchers.” It is believed that Daniel, who was elevated above all the “magicians” in Babylon (modern-day Iraq), created a school in which he trained magicians—not in trickery, or what we would call *magic tricks*. He taught them wisdom, and how to interpret hard sayings, he taught them the wisdom of GOD and prophecy. This school continued into the reign of Cyrus, the Persian, and throughout the Persian Empire. Daniel’s prophecies speak of the Messiah’s coming, and provide clear instructions for predicting the date or time of His appearing. This was passed down through the generations until the time for the fulfillment of Daniel’s prophecy had come. These three wise men understood this and watched the skies for a sign—they identified “His star in the East,” and followed it to where the child was in Bethlehem.

Most Christians believed that these three wise men came from Daniel’s school, or at least that his teachings were passed down among the wise men of the kingdom from Daniel to these three wise men of Persia. For the entire world once ruled by Babylon came under Cyrus when the kingdom was given to him, and had been brought under the Persian Empire.

**US Boots in Iran?** I applaud the effort, and I pray it will work—Trump has already exclaimed in some frustration, why haven’t these guys yielded? You cannot expect irrational people to act rationally. I hope the people of Iran will overthrow the evil regime and take the government from them. I think that’s what Trump is hoping for. Listen, our Iranian/Persian brothers—you must defend your rights from those who would steal them from you and enslave you!

It's about the PEOPLE — will they consent to tyranny by default, or rise up and defend their God-given inalienable rights against their oppressors?

The kingdom is now held by the USA, and the sword God put into the hands of Nebuchadnezzar, that was passed to Cyrus and the Persian kings, that fell into the power of Satan through Alexander, and was taken by Christ Jesus the LORD when He died on the cross, was buried, and arose from the grave, and, having spoiled principalities and powers, declared “ALL POWER IS GIVEN UNTO ME IN HEAVEN AND IN EARTH” (Matthew 28:18), Who is now set on the right hand of the Majesty on High, and declared to be “Prince of the kings of the earth” (Revelation 1:5), whose name is set above all powers, and dominions, and names that are named, both NOW IN THE WORLD THAT NOW IS, AND IN THE WORLD TO COME (Ephesians 1:21). Who said He would give the kingdom to the nation bringing forth its fruit — repentance toward GOD and faith toward our LORD JESUS CHRIST. Presently, He has given it to the nation that declares JESUS CHRIST IS KING, and that uses the sword He has given to it to defend the INALIENABLE rights of the PEOPLE, and to execute God's vengeance against the evil doers.

The nation that is built on the GOSPEL of JESUS CHRIST, whose laws are founded upon the Bible, and who value the TRUTH that makes us FREE, and encourages the liberty of the TEMPLE of GOD, the body of the believer, to worship Him freely and without molestation from any who would intrude into the sanctuary of our worship — so that HIS SPIRIT may move into this world like rivers of living water — that's the nation to whom Jesus Christ the LORD has given His civil sword to execute wrath against evil doers, while His army of Soldiers wield the SWORD OF THE SPIRIT against the lies that seduce men from the truth and into tyranny, and His own disciples from iniquity that the Temple may be holy, that HIS

Spirit may flow freely for where the Spirit of the LORD is there is liberty.

Trump might not be the model Christian you want, but he is at least as good a man as was Nebuchadnezzar, whom God called “My servant,” or Cyrus, whom God called “My shepherd.” He confesses JESUS is KING, turns the sword to the execution of justice, judgment, and equity, defends the PEOPLE’S RIGHT OF CONSENT, and our national security is uppermost in his thoughts.

But it really is a matter of the people's hearts. If the remnant seeks Him, He will attend to their needs and concerns. Will we “suit up” and fight for our freedom and liberty? Or will we be lazy, and let the devil take it away and bring us into slavery? We must break these chains of lethargy, indolence, cynicism, and fear, and like Joshua, be courageous, listen to the repeated call to God’s soldiers to be courageous:

“Only be thou strong and very courageous, that thou mayest observe to do according to all the law, which Moses my servant commanded thee: turn not from it to the right hand or to the left, that thou mayest prosper whithersoever thou goest.”<sup>1</sup> Joshua went forward and fit the battle of Canaan!

And in the days of David, when Israel’s army was surrounded, the captain commanded his army: “Be of good courage, and let us behave ourselves valiantly for our people, and for the cities of our God: and let the LORD do that which is good in his sight.”<sup>2</sup> He ordered the battle, and GOD gave a great victory.

those attracted to “evil suspicions.” These are jumping off the high-speed Trump Train, and I hear legs and heads breaking all over the place—I’m trying to keep a few friends I know from making the jump.

Nevertheless, the Trump Team continues to expand. Look at the Middle East countries that are aligning with the U.S.: Israel, of course, United Arab Emirates (UAE), Bahrain, Jordan, Kuwait, Qatar, and Saudi Arabia. All of these countries have large Muslim populations, yet they are ready to live at peace with Israel. (Consider the nations refusing to align with Israel: Syria. That’s it!”<sup>3</sup>

The rest are terrorist cells embedded in other countries, like Hezbollah in Lebanon, the Houthis in Yemen, and various Iran-backed militias operating in Iraq. It’s fair to say that Lebanon and Yemen have some elements that support the attack on Iran, though quietly.

Trump capitalized on intelligence indicating that many Iranian neighbors were disquieted with Iran, encouraging him to launch the Abraham Accords in his first term. This effort brought together Israel with the UAE, Bahrain, Morocco, and Sudan. These are providing military and intelligence collaboration against common threats, primarily coming from Iran.<sup>4</sup> This alliance created the Middle East Air Defense (MEAD), sometimes called the Integrated Air and Missile Defense (IAMD), which has come in handy, neutralizing Iran’s recent effort to attack their own neighbors in a ridiculous attempt to break the Accords, and turn the Arab nations

against the U.S. and Israel.<sup>5</sup> This prepared the Middle East for the U.S. and Israel to address, definitively, the “Iranian Problem.” The defenses that are protecting these budding allies from the Iranian Regime’s malicious insanity involve the missile defense system linked through U.S. Central Command. [IBID] By 2024, several Arab states were already sharing radar and sensor data through U.S. systems. This includes the UAE, Bahrain, the U.S., and Israel, with Saudi Arabia, Jordan, Egypt, Qatar, and Kuwait. They have already been practicing with SPYDER and anti-drone technology with joint military exercises, and cyber and counter-terror drills. That’s why the Iranian regime’s malicious insanity, and their irrational attack on their Arab state neighbors was thwarted.

Now, no doubt adding to the dread of that damnable regime, Russia is starting to talk about economic cooperation and major investment connections with the U.S.<sup>6</sup> These are estimated to be valued at — well, some say the value is upwards of 14 trillion dollars, while some say, Naw, more like 350 billion with proposed joint ventures (U.S. — Russian) in energy, mining, fossil fuels, aviation together with restoration of dollar-based settlements. (Russia has been trading in Chinese Yuan).

This means Iran is losing a key ally — Russia, and all of this is compromising China’s hope of isolating the U.S. and taking its place as controlling “the dominion.” At present, the U.S. has not officially confirmed this deal with Russia, but the fact that it’s being proposed by Russia as part of a deal to end the Russia-Ukraine war

Segment.02 Hello. Welcome back! I'm Dr. Jerry Scheidbach, pastor at the Lighthouse, your brain masseur, and Paul Revere's lantern lighter, lighting the lamps in the church belfry arch, signaling the enemy is on the march—an enemy that would steal from us our liberty.

A rumor is circulating that Iranian President Masoud threatened, “We have entered a new phase of the war. (... Having used up their smaller rockets ...) From now on, Kheibar Shekan-4 missiles will be launched towards the Gulf and the Middle East, and intensively towards Israel and the American forces.”<sup>9</sup>

It's not likely a high-ranking Iranian official would call these Kheibar Shekan-4 (a hypersonic missile). More likely, he would use the correct name: Khorramshahr-4. But that's an argument of semantics. The fact is, I cannot find any corroboration for this speech or any statement from Iran's President.

We have not confirmed Iran's possession of a hypersonic missile<sup>10</sup>—at least not openly. We do know they are pursuing these capabilities, and I wonder if this was included in the list of unspoken concerns that moved Trump and Netanyahu to act now against Iran.<sup>11</sup>

Meanwhile, today (3/6/2026), 50 Israeli Air Force fighter jets executed an underground bunker strike beneath Tehran's leadership compound.<sup>12</sup> This is where the remaining “top Iranian regime figures” are expected to be hiding to continue leading the country and the war. Israel dropped about 100 bombs on the compound, decimating that facility. This happened this morning, and damage or casualty assessment has not been determined.

Oh, Ishmael, be at peace with your brother, Isaac.

Back to the continuing expansion of the Trump vs Iran team: Starmer has had a change of whatever he uses for a heart. He announced the U.S. may use British bases in Cyprus and elsewhere for “limited defensive strikes.” Meaning he's okay with the US taking out Iranian missile sites to prevent further launches against allies. He has deployed Typhoon fighter jets to Qatar, and defense

systems to Cyprus, counter-drone helicopters, and RAF Jets are intercepting Iranian drones/missiles that target allied bases. This is Starmer's response to Iran's attacks on Gulf States, including Qatar, Bahrain, the UAE, and Saudi Arabia. Sounds to me like Starmer is already in this up to his belt. He is trying to keep the Islamist that run his country at bay.

But Iran has attacked Turkey, a NATO Member. This brings Article 5 into play, which requires NATO members to collectively respond to an attack on any member. However, Article 5 requires more than an armed attack on a member. It must be followed with an official request for collective defense action.<sup>13</sup>

**The case for federalizing federal elections strengthens.** States govern against the will of the people, and this has been going on far too long. 80% of voters nationwide want photo ID and proof of citizenship to vote in this country. Reform California has submitted 1.65 million signatures of Californians who want photo id and proof of citizenship to vote in our elections. All that was needed was 874,641 signatures, so this measure is going to the California voters—this coming November! That's not soon enough to protect us against voter fraud and election theft in the 2026 midterms.

This is the reason the matter must be addressed by Congress — PASS THE SAVE AMERICA ACT Now! If necessary, sign an Executive Order (Trump signed an order earlier this year) and force this issue so that there rises a national referendum from the VOTERS — SAVE AMERICA — this is no joke, folks. If we don't aggressively demand proof of citizenship and voter ID, we have no basis to expect GOD to intervene and bail us out.

Do you understand the principle? It's an old-fashioned saying, and it goes like this: God helps those who help themselves. And I don't

mean “help themselves” as in what you say to a neighbor at your dinner table. I mean, well, it’s like the biblical principle that says “if you don’t work, you don’t eat” (2 Thessalonians 3:10).

This principle is illustrated multiple times in Scripture and in our daily lives.

Joshua had to go up against five kings and their armies in the most critical battle for the Promised Land that is recorded in the Bible. Joshua had to “Be strong and of a good courage; be not afraid, neither be thou dismayed: for the LORD thy God is with thee whithersoever thou goest” (Joshua 1:9). He had to put on his armor, take up his sword, command the men of Israel to do the same, and then he had to go boldly onto the battle field and fight with courage, trusting GOD. THEN God cast stones from heaven against the fleeing enemy, and responded when His chosen captain called to Him to extend the day, to stop the sun and the moon in its course, so that he could finish the job.

It was the most remarkable battle recorded in the Bible, and it was critical to the mission: victory in that battle would determine the outcome of the war for the Promised Land. God told Abraham that He would not transfer title to the Promised Land from the Amorites to his seed until the iniquity of the Amorites had come to the full. Over 400 years later, Joshua defeated the king of the Amorites, Adoni-zedek (Lord of Righteousness), and the rest of Canaan fell quickly to Israel’s army. (Interestingly, Judah could not drive out the Jebusites, who held Jerusalem, and some of the other Canaanite cities also remained. Jerusalem did not become the capital of Israel until David was made king and was able to occupy it, making it Israel’s capital.) From Joshua’s entry into the Promised Land to King David was about 500 years. Think about it!

It was about 400 years from David to the first destruction of Jerusalem and the Temple. The Second Temple began construction in c539 BC and continued until the second destruction of the city

and Temple in AD 70 — for a total of 609 years. Jerusalem was the capital of the Jewish people for more than a millennium—over 1000 years.

Anyway, during this battle, God intervened in an open manifestation after Jericho had already been fighting and after he had routed the enemy. God threw the stones at the retreating armies of Adoni-Zedek. The biblical formula is we submit ourselves to GOD — get suited up, and engage the enemy in the field of battle, resisting the forces of evil. THEN the will of the Devil is broken, and he flees—why does he flee? It's because when we submit to GOD, He moves through us and chases that rascal away. That's in James 4:7, by the way.

We must armor up! The first article of armor we must secure is the TRUTH, which strengthens our legs in the battle. We must then secure the breastplate to protect our heart—and that's righteousness. We must put on the gospel shoes and be prepared to stand for the FAITH once delivered. We must take up the shield of FAITH, to protect us against the wiles of Satan and the lies of this world. We must set upon our heads the helmet of salvation, and take up the SWORD OF THE SPIRIT, which is the word of GOD, and go into the world, the battlefield, and wage war against the devils that hold the minds of men in darkness, and serve the prince of the power of the air (Satan) as agents for evil—and we battle them by using the SWORD of the SPIRIT — GOD'S WORD — to bring down the strongholds of lies and deceit, and corruption and evil in this world.

The BIBLE teaches the divine principle of the consent of the governed. Only a DEVIL would not want to strengthen that right and protect the integrity of our right of consent.

We must armor up, and enter the battle and fight the lies with GOD'S truth—THEN God will enter in and show Himself strong on our behalf.
