PIRATE POLITICIANS & THEIR “WEALTH TAX” / POKING THE
“BEAR” / IT’S MAGA SMACKDOWN TIME

Original Air Date: 05.09.26

Segment.01 Hello. I’m Dr. Jerry Scheidbach, pastor of the Lighthouse Baptist Church in Santa Maria, CA, and your brain masseur. Get ready for your brain massage.

I’m a Californian born and bred! How long are we going to tolerate these swindlers ruling over us with deceit and fraud? I’m talking about the lie that these thieves in Sacramento intend their “One-Time Wealth Tax” to be limited to a one-time tax on billionaires.

California Sheriff says the online voter registration is being abused by people living outside the country, and outside the District.¹ So, be aware, and beware! The Uni-Party Pirates have pirated away our right of consent.

It’s SMACK-DOWN time!

Virginia Democrats get a smack-down from the Virginia Supreme Court: Their abuse of their own State Constitution received a major reproof from the highest court in their State.

Pope smack-down! President Trump sent Marco to the Pope to deliver a message with instructions to be direct but say it nice.

Another smack down: Demoncrats attempted to put forward a joint resolution to encroach on the Constitutional duties of the Executive.

And for another smackdown: ABC News reporter asks a stupid question—you know, I have learned something from these ridiculous Democrats, there is such a thing as a stupid question.

Hantavirus smackdown.

The latest development by the Iranian Regime: what now, you ask?

Finally, heartening developments in Britain—the rise of MAGA in England.

It's time for your Brain Massage®!

[TRUTH]

I'm a Californian born and bred! How long are we going to tolerate these swindlers ruling over us with deceit and fraud? I'm talking about the lie that these thieves in Sacramento intend their “One-Time Wealth Tax” to be limited to a one-time tax on billionaires.

Here is the full official text of the Bill.² Look for Section 50310. Be forewarned, if you are a liberal, this might red-pill you! You are going to see the truth that will make you free. “Buried in the text of the ballot initiative is a provision authorizing the state to expand the tax base and convert it from a one-time levy into a recurring annual tax on every citizen, all without returning to the voters for further approval.”³

² 1090.33.0-Bill Text - SB-184 Health_ https://leginfo.legislature.ca.gov/faces/billTextClient.xhtml?bill_id=202120220SB184

³ 1090.33.1-From Paris To Sacramento_ How California's Wealth Tax Will Kill Its Future Steve Jobs And Elon Musks - American Liberty News <https://americanliberty.news/commentary/from-paris-to-sacramento-how-californias-wealth-tax-will-kill-its-future-steve-jobs-and-elon-musks/amuse/2026/04/>

I checked this out and, sure enough, there it is. “The specific provision critics highlight is Section 50310 (Legislative Authority) in the initiative text:

’The Legislature may amend the 2026 Billionaire Tax Act, by statute passed in each house of the Legislature by rollcall vote entered in the journal, two-thirds of the membership concurring, if the statute is consistent with and furthers the purposes of the 2026 Billionaire Tax Act.” Usually, a “we’re only going to do this once” type of Bill expressly states any change requires a new ballot measure to be put before the People. This one provides NO SUCH PROTECTION. The California “Uni-Party” pirates deceitfully plant in the Bill the power to change the provisions of the Bill at will—specifically to widen the tax base affected and completely contradict the name of the Bill, and change it from a One-Time Wealth Tax on Billionaires to a recurring yearly tax on any income group they decide has the money they want to steal.

The only restriction is that the changes serve the same purpose used to justify the present Bill.

In other words, you want the truth, California? You are not voting for a one-time hit on the super rich that might satisfy your covetous envy—you are being fooled into voting to allow our state Uni-Party Pirates to take what they want from whom they choose.

So they can make a huge pile of money available to fund their ongoing Medi-Cal fraud system?

Oh, you didn’t know? Yeah, California’s government fraud scheme is being uncovered, which will make Tampon Tim blush.⁴

Dr. Mehmet Oz signaled intensified federal scrutiny of California’s Medi-Cal system.”⁵

Do you think the filthy money-grubbing Pirates in Sacramento are concerned that Trump might pull Federal funding from Medicaid to protect American taxpayers from their piracy of public funds?

Raise your hand if you think this move to confiscate wealth from California taxpayers is intended to shore up feared losses from Trump shutting down their access to Federal tax dollars. (Yeah, I see that hand, and that one, and oh my! A sea of hands! Uh huh! It’s as I thought, you are on to them.)

Here you go, from Aidan McGloin, writing for CAL MATTERS, back in September, 2025: “Department of Justice lawsuit claims Inland Empire Health Plan committed Medi-Cal fraud.”⁶ The Inland Empire refers to Riverside and San Bernardino Counties.

Here is another article talking about Medi-Cal fraud investigation in Silicon Valley: “Millions of tax dollars at center of Medi-Cal fraud investigation.”⁷ Summary: “Taxpayer-funded taxi cab rides, meant to transport low-income patients to medical appointments, are now under investigation by at least two public agencies in Silicon Valley. The probes follow a yearlong NBC Bay Area investigation that raises questions about possible fraud, waste, and abuse involving Medi-Cal, California’s Medicaid program.” [IBID.]. This was published May 7, 2026.

You are listening with attention to what we know is going on around us right now—it’s all being exposed, and “blessed are your eyes for they see, and your ears for they hear”!⁸)

Remember, these thieves in Sacramento passed SB184, and Newscom signed it Jun 30, 2022, providing illegal aliens access to Medi-Cal. Here is the text of the Bill.⁹ Find section 14007.8. This extends “full-scope Medi-Cal eligibility to individuals ages 26-49 who do not have satisfactory immigration status ... if they otherwise meet income and other eligibility rules.” [IBID.]

This expansion added “hundreds of thousands of people” (hmmm, really! A provision allowing enrollment of persons 26-49 regardless of legal status added “hundreds of thousands”?) and cost the state — the California taxpayer— “billions annually.” By 2025, the State budget was so overburdened that even the Demoncrats knew they were going to have to stop this.

Enrollment of illegal immigrants facilitated by this Bill was frozen due to budget pressures in the 2025-2026 state budget.¹⁰

Okay, one more time; raise your hand if you think these jackal-Pirate-Politicians will reverse the freeze as soon as they can succeed at thieving the right of consent of the California taxpayer, mandating confiscatory taxes WITHOUT REPRESENTATION! (Yep, you’re still listening with ears that hear—good for you. The

That's right, without representation, because these liars are telling you to vote for something that is a bait-and-switch swindle: you are being told it's a one-time wealth tax exclusively on the very narrow tax base of Billionaires, but in the Bill, they provide for making this a recurring annual tax event, while expanding the tax base without stipulating any limit, and doing that WITHOUT THE CONSENT OF THE GOVERNED.

You are voting away your power of consent to these devil dems; the Uni-party pirates. This is piracy! Don't give away any more of your political power over these unreasonable and wicked rulers.

Here is a California Sheriff reporting that the online voter registration system is being abused by people living outside the country and outside his District.¹¹

Virginia Democrats get a smack-down from the Virginia Supreme Court: Their abuse of their own State Constitution received a major reproof from the highest court in their State.

The Democrat legislature assumed they could fool the voters with deceitful language: “Should the Constitution of Virginia be amended to allow the General Assembly to temporarily adopt new congressional districts to restore fairness in the upcoming elections, while ensuring Virginia’s standard redistricting process resumes for all future redistricting after the 2030 census?”¹² (Read the full text of the referendum.)

“To restore fairness”? It eliminated Republican representation, which was about even with Democrats, adding 4 Democratic-controlled districts and leaving only one to Republicans. The voters were led to believe the Constitutional Amendment would *prevent* partisan Gerrymandering, when in fact the exact OPPOSITE was true.

This turned Virginia from a purple to a solid blue state. But this was deceptive for another reason. It was done illegally, and the voters were not apprised of that.

Today, Friday, May 8, 2026, the Virginia Supreme Court ruled 4-3 that “the General Assembly did not follow proper constitutional procedures when placing the amendment on the ballot. (By the way, I write and produce the show on Friday; subscribers receive it in their inbox on Friday night after it’s posted; podcast platforms distribute it within an hour of publication on our Podbean account, and my radio audience hears it on Saturday at noon and Sunday morning at 7 am. What the Virginia court said by their ruling is that the violation “undermined the integrity of the entire referendum and makes it

null and void.”¹³ LAW won, lawlessness lost. SMACK DOWN!

Pope smack-down! President Trump sent Marco to the Pope to deliver a message with instructions to be direct but say it nice.

The message: “I just said tell the Pope—very nicely, very respectfully—that Iran CANNOT have a nuclear weapon. So when he comes to their defense, also tell the Pope that Iran killed 42,000 innocent protesters who didn’t have guns, who didn’t have weapons.”¹⁴

Marco met with the Pope yesterday (May 7, 2026). Reports on the meeting say he did not genuflect or kiss the Pope’s ring.¹⁵ The Vatican News article characterized the meeting as “cordial” with both “states” desirous to “renew ‘the shared commitment to fostering sound bilateral relations between the Holy See and the United States of America.’” [IBID]. When Vice President Vance visited this same Pope, he was mildly criticized for skipping the ring-kissing ritual.¹⁶ It did not come up with Rubio’s visit.

The video, linked here, shows them greeting with a handshake and exchanging gifts. We gave the Pope a crystal football with the State

Department Seal; Marco explained it was a gift for a man who has everything. I understand the American Pope likes the Chicago White Sox, a baseball team. Hmmm. Interesting! Sounds like Rubio picked up a token gift from the W.H. souvenir shop on his way to his ride to his flight. Pope's response: "Wow. Okay!" Interpreted by most to signal he was "underwhelmed." He presented an olive-wood pen and a book of Vatican art — a couple of souvenir gift-shop items? Supposed to be a gesture of "peace" as a rebuke to American policy regarding Iran. If it was, it was hollowed out by the rest of Trump's instructions: when the Pope attempts to defend the Shia regime's usurpation of Iran, Marco was to deliver part two of Trump's message: "Tell the Pope that Iran killed 42,000 innocent protesters who didn't have guns, who didn't have weapons." (IBID. No. 12). We are not told whether Marco followed through. Perhaps he did not pick up on the Pope's subtle rebuke.

[INSERT AUDIO SMACK DOWN]

The DailyBeast picked up on what I noticed in the Pope's response to his visit with the U.S. Secretary of State: Vatican Humiliates Rubio After His Tense Summit With Pope.¹⁷ Sarah Ewall-Wice, Political Reporter for the DailyBeast, described the Vatican's description of the meeting as an "exchange of views" regarding Iran as a "terse statement," and the Papal gift as a subtle rebuff.

I think Marco is the most influential and effective Secretary of State in my lifetime, and I have no quarrel with his performance in this State visit. I think I might have returned the gift to the Pope with a comment like, I question your notion of "peace" if you defend a regime that murdered 42,000 unarmed and innocent protesters. I will happily receive this gift on behalf of the American people if only you would speak as loudly against their murderous policies as

¹⁷ 1090.12.4-Vatican Humiliates Rubio After His Tense Summit With Pope <https://www.thedailybeast.com/vatican-humiliates-rubio-after-his-tense-summit-with-pope/>

you have about your objections to our actions. Yeah, something like that!

I'm glad the President sent Marco and did not dignify that unholy office with his own presence. I am glad our Secretary of State did not kiss the papal ring, and I think a crystal football with the Secretary of State's seal, not the Presidential Seal, was also a good touch. Appropriate for this "American Pope" whose loyalty is to the Romanist system and not to America.¹⁸ (Look, the fact is, the Roman Catholic system has ever been on the side of the false doctrine of the Divine Right of Kings, and contrary to rule by consent of the governed. The only time they have conceded to "tolerance" of adversarial beliefs, and restrained their inclination toward persecution, and such persecution as would make the most radical Jihadist flinch, is when the governing powers are under the influence of reasonable and righteous leadership. Otherwise, the behavior for which they are infamous is documented in the history of the Inquisitions (*Foxe's Book of (Christian) Martyrs*), where torture, including burning "heretics" at the stake, excessive fines, confiscation of personal property, banishment, etc. were common.

¹⁸ Only one of the signers of the Declaration was Catholic: Charles Carroll, of Carrollton (1735-1832). His cousin, Jesuit Priest John Carroll, was sent with Charles on a diplomatic mission to Canada to seek support from French-Canadian Catholics and persuade them not to side with the British. It was an utterly failed mission. Charles Carroll, who sat on the board that was tasked with raising funds for the War for Independence, noted the American military campaign in Canada had collapsed, that troops were demoralized, and suffering shortages of vital supplies and pay, and were in full retreat, but apparently he could use none of that experience to motivate the board he sat on to earnestly get the supplies to Washington he needed to prosecute the war. Whatever Carroll's sympathies with the American Revolution, and there is evidence he did support the Declaration, he was unsuccessful in any attempt to gain general Catholic support for the Revolution. Furthermore, Catholic influence thereafter has been to support the Confederacy, with implications pointing to their involvement with the assassination of Lincoln. See What Hath God Wrought, Grady, Bill, *A biblical interpretation of American History*, [Backs Confederacy](#): p. 292-309; [Hatred of Democracy](#): p. 310-312; [Involvement in Lincoln's assassination](#): p. 304-309; [Talking "Tolerance" while practicing persecution](#): p. 32-38; [Nefarious practices of the Jesuits \(Society of Jesus\)](#): 92-97, 235-239; also [the Vatican-Moscow alliance](#): p. 498-519.

Another smack down: Demoncrats attempted to put forward a joint resolution to direct the removal of United States Armed Forces from Cuba in defiance of the Executive privilege and Constitutional power to direct our Armed Forces—these yahoos had no problem with Obama going after Qadafi in Libya—totally defying their beloved “War Powers Act.” But the Democrats never shy away from blatant hypocrisy. I think it should be included in their Party Platform. Well, this smackdown came from the U.S. Senate when, in April this year, in fact, on my wife’s birthday, April 28, the Senate voted 51-47 to block Democrats’ effort to restrict the President from exercising his Constitutional duties.¹⁹

[INSERT AUDIO OF SMACK DOWN]

And for another smackdown: ABC News reporter asks a stupid question. Imagine! She wants to know why the President would give attention to things like cleaning the filth, what did Trump say, “11 or 12 truckloads of garbage out of that lake” — garbage that floated in the reflection pool, with the great Lincoln Memorial facing the Washington Monument looking over the pool — the embarrassing thing is that O-Biden ignored it, but Trump can chew gum and walk at the same time, go figure! Good night! What did she think, that it would be too hard for Trump to give attention to cleaning up the filth left behind by Obama-Biden while cleaning up the mess they made in Iran, Venezuela, and Cuba, and It’s insulting because she thought she was going to get a sound bite out of this that they could use at ABC News. It’s embarrassing because she reveals how shallow these people really are. Your kidding me.

Hantavirus smackdown.

They're baaaack! Evidence that the left is bankrupt of ideas, they've got less going for them than the Iraniacs, they've got nothing. Here's proof, they are trying to hype a virus that has been around since 1978, that's when it was first isolated and identified.²¹ It was called "Korean hemorrhagic fever" before that, when it was first documented among UN Troops stationed near the Hantan River in South Korea.²²

The outbreak that occurred on the MV Hondius.²³ (MV is the standard maritime ship prefix that identifies the ship as a Motor Vessel, driven by internal combustion engines rather than a steam engine design.) The Hondius is a polar expedition cruise ship, operated by Oceanwide Expeditions, a Dutch-flagged vessel. It was on a 35-night "Atlantic Odyssey" when an outbreak of the Hantavirus interrupted the Greek hexameter epic pleasure cruise named for Odysseus' voyage — anyway! Apparently, a Dutch couple picked up the virus from exposure to rodents, which carry the virus—and that's the point! This virus is not transmitted human to human—it comes from exposure to infected rodents, or their droppings.

So, here comes the WHO, wanting to relaunch the COVID scare, but Dr. Drew is not having it!

The US Army conducted a clinical trial using this strain of hantavirus to create DNA vaccine injections back in 2019-2020. Hmmm! That was back in the COVID days. 98% of participants experienced adverse events.²⁴ So, here come the caveats: most were minor injection site reactions; only 65% were systemic, full-body, or body-wide negative reactions, such as fever, fatigue, or achiness. That seems problematic to me — 65% body wide symptoms. Is that a normal thing?

In any event, I'm with Drew: STOP IT NOW! Don't go there, Mr. President! Don't get sucker punched by this!

They boxed you in last time; we are wise to them this time.

The bottom line is that this virus is NOT transmitted from human to human.²⁵

Also, the more recent developments in Britain are heartening. More than 1800 government seats of a total of 2500 have flipped from the Labor Party,²⁷ that’s Starmer’s gang of Islamized Brits, to support the new Reformed Party — sort of like MAGA.
